GERMAN CHANCELLOR HOLLWEG RESIGNS

POLITICAL TURMOIL FAR FROM SOLUTION

CHANCELLOR'S ACTION COMES, IN THE END, UNEXPECTEDLY

All Indications Serve To Show Resignation is But the Beginning of Far-Reaching Developments Which are Bound To Affect the Fabric of the German Empire and Have Momentous Consequences on Progress of the World War.

LONDON, July 14.—The political turmoil which has been convulsing Germany ever since Russia's first startling success on the resumption of her offensive, has culminated for the present in the resignation of the imperial chancellor, Dr. Von Bethmann Hollweg, but all indications serve to show that his resignation, far from being the last act in the drama, is but the beginning of far-reaching developments which are bound to affect the fabric of the German empire and have momentous consequences on the progress of the European struggle.

Chancellor's Action Comes Unexpectedly.

The resignation of the chancellor came in the end quite unexpectedly, for Dr. Von Bethmann-Hollweg, in the prolonged party discussions and heated debates of the main committee of the reichstag which have been proceeding all thru the week, seemed to have triumphed over his opponents, who have been clamoring for his head by making concessions which were tantamount to the formation of a kind of imperial coalition ministry.

At the same time, the chancellor, by the declaration that Germany was defensively fighting for the freedom of her territorial possessions, evolved a formula that seemed satisfactory to both those who clamored for peace by agreement and those who demanded repudiation of the formula "no annexation and no indemnities". In all this, Dr. Von Bethmann-Hollweg was strongly backed by the emperor. The advent of the crown prince upon the scene—summoned by his imperial father to share the deliberations affecting the future of the dynasty—seems to have changed entirely the position with regard to the imperial chancellor. The crown prince at once took a leading part in the discussions with the party leaders and his ancient hostility toward Dr. Von Bethmann-Hollweg, coupled with his notorious dislike for political reform, undoubtedly precipitated the chancellor's resignation.

Hardly Augurs Well for Reform

The fact that Field Marshal Von Hindenburg, chief of staff, and General Von Ludendorff, first quartermaster-general, have been most prominent thruout these discussions and that a section of the press has been clamoring for a joint dictatorship by them hardly augurs well for the realization of the Prussian franchise reform which the emperor has just decreed, or for the movement toward a diminution of Germany's war aims, and therefore toward peace, on which the Austrian emperor has been doing his utmost to persuade the German emperor to embark.

One German State Backs Charles.

The Bavarian ministers have been among the most active in these Berlin confabulations, and the fact that the centre Catholic party has rallied to the peace gospel preached by Mathias Erzberger, directly on his return from Vienna, where he saw Emperor Charles, shows that the Austrian emperor is backed in his determination to secure peace by at least one, and that the most powerful, of the states in the German empire. Whether other southern German states will join in what appears to be a movement toward the renunciation of Prussian hegemony, events in no distant future probably will show.

Dr. Von Bethmann-Hollweg's successor, Dr. Georg Michaelis, is a Bureaucrat of the old type, whose appointment can scarcely be regarded as promising much in the direction of the Parliamentarization of Germany. He was appointed undersecretary in the finance ministry in 1909, in February, 1917, he received the additional appointment of Prussian food commissioner, a special post authorized by Prussian cabinet.

Reichstag Committee Adjourns

Amsterdam, July 14.—According to a Berlin telegram received here during the meeting of the main committee of the reichstag today a Socialist speaker moved that adjournment be taken because the political situation was not yet sufficiently clear for the government to take a position on the questions raised. Dr. Karl Helfferich, secretary of the interior and vice-chancellor replied that the imperial chancellor, Dr. Von Bethmann-Hollweg, had been prevented from apearing before the committee because of other urgent business. Dr. Helfferich said he and other state secretaries were prepared to answer any questions.

The Socialist declared he was not satisfied with this reply because a definite question had been put to the chancellor and the committee expected a definite reply; otherwise the discussion would be purposeless. It was then decided to adjourn.

Only Morning Post Prints Rumor.

London, July 14.—The Morning Post was the only paper in London to print the rumor that Emperor William had abdicated in favor of his son Joachim. The correspondent at Amsterdam who sent the telegram said he had no confirmation of the rumor. The London evening newspapers do not even print the rumor as published in the Post. Official circles here have nothing that in any way confirms the report.

Conservative Party Statement.

Amsterdam, July 14.—According to a Berlin dispatch the conservative party has published a statement that it cannot admit that the proposed franchise measures have been made necessary by the experience of the war or that they can even be regarded as calculated to help in surmounting the difficulties of the present situation or in strengthening the will of the people for victory.

WILL REMOVE MRS. O'CONNOR FROM GENEVA

AURORA, Ill., July 14—Mrs. Carrie O'Connor, superintendent of the state training school for girls at Geneva was notified by the state director of public welfare today that she would be removed from office within thirty days.

Kate Adams, of Chicago, sponsor of the "Kate Adams law" to permit closing of disorderly houses by injunction as nuisances, is said to have been chosen Mrs. O'Connor's successor.

LANDIS OVERRULES DEMURRER

Chicago, July 14—Federal Judge Landis today overruled the demurrers of Chicago Butter & Egg men accused of violation and anti-trust law. The government will seek an early trial.

FORCE FOREIGNERS OUT OF LEAD BELT

American Miners Insist All Foreigners Must Leave

Rush Foreigners to Railway Station Every Time a Train Comes into Flat River, Mo.—Missouri Guardsmen on Way to Scene.

Flat River, Mo., July 14.—About seven hundred foreign born laborers were forced out of the St. Francois county lead belt today by American-born miners who insisted that all the foreigners must leave. The Americans, firing into the air with shotguns and carrying American flags, rushed the foreigners to the railway station every time a train came in. Tonight no one had been seriously hurt.

News that Missouri guardsmen were on the way to Flat River from St. Louis did not become known until a train bearing St. Louis newspaper men arrived a few minutes after six o'clock.

Force Reporter to Leave.

William Hollowell, a Chicago reporter, was hit in the head as he was getting off the six o'clock train from St. Louis. He was not allowed to land here but was forced to board a street car for Farmington, the county seat, nine miles away. Members of the mob said he attempted to interfere with them as they were putting an Italian miner on the train.

The Americans are incensed because of the number of foreign workmen in the mines has been greatly increased recently. They maintain that continued hiring of foreign workmen will reduce pay. Mine operators denied the charges that they showed preference for foreign labor and stated that Americans were given the best places whenever qualified workmen were available.

Foreigners Leave by Hundreds.

After being hunted down and beaten last night, the foreigners left Flat River today by the hundreds. They were not resentful and have shown no fight. The refugees are puzzled and apparently do not comprehend what it is all about. The Americans forming the mob endeavored thruout the day to get miners of Bonne Terre, Missouri, to organize similarly and make the movement against foreigners general but at Bonne Terre, the mines were operated as usual.

Representative foreigners said they had no intimation of any ill-feeling against them and that they would not have worked if they had considered their presence in the mines was undesirable.

The I. W. W. has been trying to establish a strong following here for months, it is said, but no encouragement has been given.

Send Guard to Flat River.

St. Louis, Mo., July 14.—Battery A and Troop B of the Missouri National Guards stationed here left tonight for Flat River for riot duty. Flat River is about sixty miles south of St. Louis on the Iron Mountain railroad.

SUSPEND EAST ST. LOUIS POLICE HEADS

EAST ST. LOUIS, Ill., July 14.—The board of fire and police commissioners after a meeting tonight announced that Chief of Police Ransom Payne and night Chief of Police Con Hickey had beeen suspended, pending an investigation of the police department. According to Wallace G. Watkins, chairman of the board, the suspension of the two officials is due to the recent race riots here and is the first step in an investigation that is expected to shakeup the entire department.

At a meeting of fire and police commissioners a telegram from Governor Lowden was read in which the governor declared troops would be retained in East St. Louis until the ringleaders of the race rioting were punished.

END FOURTH WEEK OF FOOD BILL DEBATE

WASHINGTON, July 14.—The senate today finished its fourth week of debate on the administration food control bill while leaders conferred upon amenments which they hope will command support.

Little progress was made on the bill today in the senate all action on amendments going over until next week with an agreement to take a final vote on the measure next Saturday. Prospects of peace were discussed today by Senators Stone and Williams with both declaring that complete defeat of Germany is required.

While perfunctory debate proceeded with less than a dozen senators present majority Leader Martin conferred with his colleagues upon amendments to compromise the various disputes. Republicans as well as Democrats participated. The conferences will be resumed Monday.

CONFIRM REPORT OF GEN. HSUN'S DEFEAT

LONDON, July 14—Reports of the defeat of General Chang Hsun and his flight to the Dutch legation are confirmed in an official statement given out here today, containing advices from the British charge d' affaires at Peking.

A Peking despatch dated Thursday addressed to the Chinese legation says, Chang Hsun's entire force surrendered and that quiet had been restored at the capital, The premier was expected to reach Peking on Friday.

UNITED STATES HOST TO DEPORTED MINERS

Men Camp on Desert Between Columbus, N. M., and Mexican Border

ON GOVERNMENT RATIONS

Refuges Ready To Return To Bisbee When Accompanied By Troops

WORK IN BLISTERING SUN

COLUMBUS, N. M., July 14—Tonight the United States is host to Arizona's deported miners, millmen and small merchants who are encamped on the desert half way between Columbus and the Mexican border.

City of Canvass Springs Up

A small city of canvass has sprung up on the site of the Mexican refugee camps established by General Pershing, and 1,140 men are sleeping on beds tonight for the first time since Wednesday at Bisbee. They came here early today under escort of United States Cavalry. All afternoon the men have been working in a blistering sun setting up tents, digging pits for field kitchens and hauling firewood. It was declared to be the hottest day of the summer here.

The first government rations were issued to the men for their supper Under the direction of the army officers and soldiers an orderly well policed camp was established out of the chaos which followed the arrival of the tired and travelled stained men shortly afternoon. Now that the men have settled for them the problem of where they were to go they are beginning to consider when they will be returned to Bisbee. They are almost universally agreed they will be ready to return to Bisbee when accompanied by United States soldiers and not before.

Army officers also are in the dark as to what the next move will be and say they have orders only to feed and care for the wants of the men. The exiles are not being treated as prisoners but are being guarded by soldiers.

The men believe the president will order them sent back to their homes but there is no information in camp upon which to base this supposition.

Present Strange Sight

When the unshaved and unwashed crowd marched up to the refugee camp this afternoon they presented one of the strangest sights Columbus has seen since Villa's Mexican bandits dashed into the town on March 9, 1916.

Many men were without hats and wore soiled handkerchiefs on their heads to keep off the hot sun. Others limped from blistered feet while old men and the physically unfit had difficulty in marching the mile to the camp from the railroad

Two Troops of Cavalry at Globe

Globe, Ariz., July 14—Threats of a clash of serious proportions between the newly organized Citizens' Loyalty League of Miami, and members of the Metal Mine Workers' Industrial Union of that place served tonight to draw from the hundreds deported from Bisbee Thursday morning some of the interest which has attached to them since their plight became known.

Two troops of cavalry, rushed to Miami from Globe, got the situation in hand soon enough to prevent the threatened disorder. All mines in the Bisbee district were working today including the smaller ones which had been shut down since the strike was called nearly three weeks ago They were producing, the operators said, half to two thirds of a normal output. Beyond the state border in New Mexico the men exiled from Bisbee Thursday were sheltered in the detention camp originally established there for Mexican refugees. What was to become of the exiles nobody seemed to know, but it was known many of them wished to return to homes, friends or relatives in Bisbee. Under government supervision they received food and other necessaries today. Advices from Bisbee indicated no inclination to welcome the return of the deported ores.

Camps are being built at points commanding the approaches to the city and at these points armed guards are stationed. Men who are willing to go to work are being permitted to enter the district and are given identification cards by the guards.

WEATHER FORECAST FOR WEEK

Washington, July 14—Weather predictions for the week beginning Sunday issued by the weather bureau today are:

Great Lakes region—Generally fair; nearly normal temperatures.

QUENTIN ROOSEVELT RECEIVES COMMISSION

NEW YORK, July 14—Quentin Roosevelt, a son of the former president, was among 40 aviators who received commissions here as lieutenants in the aviation section of the army signal reserve corps. He expects to go to Europe soon.

Quentin is the fourth and last of Theodore Roosevelt's sons to enter war service. Owing to poor eye-sight he was rejected at the offcers' training camp at Plattsburg where Theodore Jr., and Archibald received commissions before poining General Pershing's troops in France. Kermit Roosevelt recently accepted a commission to serve with the British army in Asia Minor.

PARIS CROWD CHEERS WILSON AND PERSHING

Scene Takes Place At Free Performance at Opera Comique

Great Audience Stands During Singing of American National Anthem and Then Breaks into Cheering—Celebrate National Fete of Bastile Day.

Paris, July 14.—In an impressive scene at the opera comique tonight a free performance celebrating the national fete of Bastile Day, Abby Richardson sang the American National Anthem. The great audience stood in intense silence during the singing and then broke into such enthusiastic cheering for the United States, President Wilson and Major General Pershing that it was some time before Mme. Marthe Chenal, the soprano, could sing the Marsellaise.

After the review of troops today by President Poincare addressed a letter to War Minister Painleav congratulating him on the fine showing made by the troops sent to represent the army.

Nearly all the 8,000 bayonets in the line of march had bouquets on them. The muzzles on the rifles carried miniature flags, many of them the Stars and Stripes. Women and children along the way pelted the soldiers with flowers, alternately cheering and weeping while the men shouted as the famous military units were recognized. The honor of leading the line was given to the foreign legion, with about 29 Americans in the ranks, as well as Dutch, Spanish, Greek and South American fighters.

The flag of the aviation group was carried by the 21 year old captain George Guynemer, who has brought down 45 German machines. He wore the war cross with 22 palms for as many citations. The young captain was greeted with especial outbursts of cheering. Women blew kisses and tossed flowers to him. The boy blushed and seemed to be embarassed, looking as tho he would much prefer to be somewhere else.

William Graves Sharp, the American ambassador, and Major General Pershing were among those present this afternoon at a brilliant performance given at the Trocadero for the benefit of the invalided and wounded soldiers, who have been exempted from service. Enthusiastic cheering greeted them.

BELGIAN MISSION ENDS FIRST HALF OF TOUR

LOS ANGELES, Cal., July 14.—The Belgian war mission tired with two weeks of constant travel but happy over the evidences of the regard the people of the United States have shown for their suffering nation today completed the first half of their tour of the United States. They have travelled nearly 4,000 miles west and north since reaching this country. The size of the United States and its resources have made a tremendous impression on the visitors.

The mission will depart Monday morning for Salt Lake City. Police protection for members of the mission which arrived here today was practically doubled because of a rumor that a bomb was to be thrown from a building as members of the mission passed in parade.

The police traced the rumor to a man who said he would not wish to be in the parade because someone might throw a bomb as happened in the preparedness day parade at San Francisco.

REPUBLICAN TROOPS BOMBARD TEMPLE

TIEN TSIN, July 14.—A dispatch from Peking dated Thursday says at daybreak the Republican troops began bombarding the Temple of Heaven which is the headquarters of General Chang Hsun, the commander of the monarchial forces. The attackers then were within a quarter mile of the legation quarter of the city.

The monarchists were fighting desperatly with no sign of a surrender. Stray bullets flying over the legation section wounded the following Americans while they were on the city wall: A. R. Zumbrum, of Cheyenne, Wyo.; R. A. White of Cedar Rapids, Iowa and Private Gault of the marine corps. In addition one Japanese and one Italian were wounded.

ASKS APPROPRIATION

Washington, July 14—An additional appropriation of $4,000,000 for the Alaskan railroad construction, to close a thirty-mile gap on the main line from Tidewater to Anchorage to Seward and open up the Matanuska coal fields, was asked of congress today by Secretary Lane with President Wilson's approval.

HOUSE PASSES BILL FOR AIRPLANE BUILDING

Measure Appropriates $640,000,000 for 22,000 Machines

Carries Greatest Aviation Appropriation Ever Proposed in Congress and Was Passed in Less than Five Hours—No Attacks on General Purpose.

Washington, July 14.—The war department bill appropriating $640,000,000 for construction of 22,000 airplanes was passed by the house late today without a roll call. It was amended only in minor details.

Limit Broad Authorities.

Amendments adopted include one by Representative Lenroot of Wisconsin, limiting the broad authorities granted the executive for the present war emergency, and one by Representative Fitzgerald, New York, providing that enlisted men drafted for the aviation corps shall be within the same ages—21 to 30 inclusive—as apply in the general conscription law. The bill carrying the greatest aviation appropriation ever proposed in congress and passed in less than five hours, evoked some criticism of legislative methods, but no attack on the general propose. Chairman Dent of the military committee, declared debate might result in information leaking to Germany.

Republican Leader Mann favored action without discussion, and other Republicans criticised the council of National Defense, the senate and the navy department for published statements regarding the aviation program and contracts for submarines.

Points to German Secrecy.

Representative Kahn, Republican of California, pointed to Germany's secrecy of military program and said that neighboring nations knew nothing of her 42 centimeter guns until they battered down the Belgian forts or of Germany's deadly gases.

"But," he warned, "we seem to want to go to war as tho we are going on a hunting trip with a brass band."

The bill which now goes to the senate, gives no details but a total personnel of the aviation section approximating 110,000 men is understood to be contemplated. Broad discretionary powers are vested in the president.

FARMERS PREPARE TO JOIN LION HUNT

Animal at Large Near Monticello Believed to Have Escaped from a Circus.

Monticello, Ill., July 14.—Scores of farmers prepared tonight to join tomorrow in a hunt for a lion, believed to have escaped from a circus, which is at large near the Robert Allerton farm, five miles west of Monticello. The lion already has injured one man. Allerton today offered a reward of $250 for the capture or death of the animal. The hunt will start at 8 a. m.

Thomas Gullett, butler of the Allerton mansion, had a grapple with the lion late Friday, when he went back of the garage to pick some flowers. The beast made a spring at him, but he seized it by the throat, both rolled over and the animal disappeared in the shrubbery. A physician was called but it was said at the home today that Gullett was injured only slightly and had recovered from his fright.

John Phalen, manager of the place placed fresh meat in the dense timber and hunters watched Friday for the lion to appear, but returned to town this morning disappointed.

Paul and Lee Bear said the animal passed in front of their car while they were coming back but they were unable to get a shot.

Coon dogs from White Heath were put on the trail but failed to trace the maurauder.

Many hunters armed themselves today and resumed the search but late tonight it was said men were still hunting thru the timber and undergrowth.

AMERICAN SCHOONER SINKS SUBMARINE

AN ATLANTIC PORT, July 14.—A submarine was sunk by an American schooner which sailed from this port for a European port, according to advices received here today by the owners of the vessel from its captain. The naval gun crew aboard the schooner was composed of six gunners and a petty officer.

It was believed by the owners of the vessel that the attack was made in Mediterranean, tho no details of the fight were said to have been contained in the despatch from the captain announcing his arrival at an Europen port. The vessel carrying a cargo of four thousand barrels of rosin, sailed from this port about six weeks ago.

PLAN PROTECTION FOR WORKING WOMEN

CHICAGO, July 14—Women called into industry by the war will be protected in every way possible if the plans mapped out today at the closing session of the first National convention of business men are carried out. Resolutions were passed making recommendations regarding the welfare of women and children workers and the woman's association of commerce of America was formed.

Plans for state organizations were made with a view to having local branches equipped to aid women workers thruout the country.

HAWAII FURNISHES MORE THAN QUOTA

Every Other State and Territory Benefitted By Hawaiian Enlistments

1,000 BOARDS TO REPORT

Indications are That All Will Have Reported By the Middle of Week

MAY DRAW MEN FRIDAY

WASHINGTON, July 14—Explanation today of the quota allottment for the selective draft army as announced yesterday shows that the territory of Hawaii stands in a class by itself among the states and territories having already furnished nearly two thousand men as volunteers in excess of the number required from the islands to fill up the first army. Every other state or territory has been benefitted accordingly by a reduction in its net quota. Hawaii will not be required to furnish any men whatever under the president's call for 687,000 to fill up the regulars and national guard and to make up the first 500,000 of the national army.

Award Surplus to Others

On the basis of population, Hawaii's gross quota was 2,403, the total contribution of the territory to the army of the United States including the guard up to June 30 was 4,397 men or 1,994 more than it was required to furnish. In the allotment of quotas each state and territory in proportion to its population, a part of Hawaii's surplus was awarded. Another fact developed today in connection with the allotment of credits is that the war department has furnished to each governor a full list of war recruits enlisted in the regular army since April 1 and who claim that state as home. Credits for enlistments in the regular army were given on the basis of the place claimed as home by the recruit, no matter where he enlisted. For that reason the credits in this regard bear no relation whatever to the number of men who have been recruited in any state.

Have Much Work Done

With the district distribution of the regular army credits supplied to them, the governors have much of their work of fixing the quotas of exemption districts in their states already done for them. A similar division by residence of National Guardsmen must be made. Every state has received credit for a number of men in the national guard who are not now in that service.

Probably 50,000 men have been discharged since April 1, the state gets credit for all of the discharged men as well as all of the recruits.

Yesterday's table gave the national guard a total strength on June 30 of approximately 348,000 men.

Date Not Yet Set

The force probably is at least 50,000, perhaps nearly 100,000 short, of that number. No additional information as the date or exact method of the drawing was obtainable today. There are nearly 1,000 district boards to be heard from, but indications now are that all will have reported by the middle of next week and that drawing can be held, if desired, on Friday or Saturday.

The provost marshal general's office announced that all governors except fifteen states, had notified the department they had received the serial cards and are ready to go ahead.

CABINET CRISIS CONFRONTS ROUMANIA

Jassy, Roumania, July 5 (Delayed)—A cabinet crisis is confronting the Roumanian government. Four conservate ministers have refused further to co-operate with Premier Bratiano and they also demand that two more conservatives be admitted to the cabinet. They likewise insist that M. Bratiano resign, and that Take Jonescu, minister without portfolio, be appointed to succeed him.

WEATHER INDICATIONS AND TEMPERATURES

Illinois: Generally fair Sunday and Monday, except unsettled in extreme south portion Sunday; not much change in temperature.

Temperatures

The current, maximum and minimum temperatures as recorded Saturday were:

Jacksonville	72	84	64
Boston	76	80	68
Buffalo	66	68	62
New York	66	80	68
New Orleans ...	84	90	76

Weekly, per year	$1.50

Entered at postoffice in Jacksonville as second class matter.

AIDING SMALL DEPOSITORS.

That was a fortunate arrangement for the smaller depositors of the Bank of Commerce and Savings in Chicago that State Auditor Andrew Russel was able to make. Mr. Russel worked out a plan with the consent of the largest creditors whereby the cash immediately available is to be used in paying those depositors who had comparatively small sums entrusted to the custody of the bank. The larger creditors have the assurance that the bank is really solvent and agreed to take their money later, after there has been the opportunity of realizing on assets which cannot be immediately turned into money.

MUST PAY SOME DAY.

Some day the city's deficit on public improvement bonds must be paid. It is merely a question as to whether citizens will voluntarily agree to pay that deficit and raise the fund thru bonds spread over a period of years, or pay all at once the judgment which bondholders may secure thru damage suits against the city. These bonds were purchased by men and women in various localities in good faith. The city is obliged to pay them and it is just a question of the time and manner. Aside from the moral obligation in the question it will be the easier and more economical way to discharge this indebtedness thru the bond issuance method.

KLU KLUX KLAN IN EAST ST. LOUIS.

A story from East St. Louis relating to the riots is to the effect that a Klu Klux Klan has been organized there with a membership of 1500 men sworn to prevent any rioting against the colored population in coming days. It seems strange, indeed, that after the passage of fifty years a Klu Klux Klan should be organized in the north and for the opposite purpose to that which gave life to the klan in the southern states following the Civil war. In those earlier days the men were banded together to protect the white people from alleged dangers thought to be resultant from the new status of the negro race.

NEED TO UNDERSTAND GERMANS.

Delegates to the national education association in Portland have given new emphasis to the arguments against the proposal to abandon the teaching of German in the schools of the U. S. Those who have advocated this plan have certainly not thought deeply on the subject or they would have long since reached the conclusion that to abolish the study of the German language in custom at this time would not work the slightest injury to Germany but would help to cripple the U. S. Now as never before the people of the U. S. will be benefited by a knowledge of the German language, customs and habit of thought, and this knowledge will help in getting a clear understanding of the German character and the German point of view. Such information will be of value in war times and of still greater value in the days of peace which certainly will come some time in the future.

DEFENSE COUNCIL'S WORK IN CLEAR OUTLINE.

Secretary Lane's statement about the purpose and work of the national council of defense will serve to clear up a general misunderstanding about the work of the committee. The public has had a somewhat confused idea that members of the council have authority to make purchases for the government and that the committee is so constituted that members are making enormous purchases from themselves.

The secretary makes it very clear that the committee has no such purchasing power and that the only action the members can take is in an advisory way. He explains too, that in the government's effort to speed up production in various lines and to carry out a great constructive program within a few month's period, it was determined to call into consultation the men with the most experience in these lines and in big business generally. He without stint commends the members of the committee for their unselfish loyalty thus far shown, and regrets that a misunderstanding of the functions of the committee has occasioned some criticism which he accounts as unjust.

With this better light upon the work and powers of the council the public will come to a keener appreciation of the services now being given in their behalf by the men who have developed the big industries of this country. The statement will also serve to free some of these men from the charge of having colored their advice by self-interest.

HOOVER AND WHEAT PRICES.

(Globe-Democrat)

While exception can be taken to the phraseology of parts of Mr. Hoover's letter to the president, its general conclusion that the food control bill should be passed at once is unassailable. American wheat must be marketed and somebody must buy it. Legal restrictions on neutral exports and submarine restrictions on exports to our allies will cause an unusual tax on terminal facilities. The producer should receive a fair price, both as a matter of justice and as an encouragement to sow wheat for next year. Wheat dealers are in the air, for conditions are not normal. Not only is there unusual uncertainty as to the world crop and the world demand, but dealers must reckon with arbitrary governmental interference, at home and abroad.

The quotations of the maximum price for wheat in England have caused great unrest and disaffection here. Mr. Hoover properly rejects the proposal that the American price shall be fixed at 30 cents a bushel less than the arbitrary English price. The English crop is usually about 60,000,000 bushels, or 4 per cent of the world crop. It cannot regulate the world price. The American price cannot be fixed without regard for the American cost of production. The producer must make a profit or he will quit producing. On the other hand, the consumer must be protected.

Normally, the grain market, under the play of world-wide competition of wheat as well as of dealers, performs the service of distribution at a minimum cost. No other article of consumption bears a smaller middleman's tax, normally. The abnormal situation which made intelligent trading impossible this spring proved that the ordinary machinery could not be trusted in these extraordinary times. Notwithstanding the small crop, never have export conditions been more bearish than now, due partly to natural and partly to artificial influences. Unless congress removes uncertainty by prompt action wheat will be sold very low. The comparatively few buyers will try to protect themselves. This will result in the traders getting more than their share of the price eventually paid by consumers, even though there be no extortion. Opponents of food control legislation profess to be working in the interest of producers, but every day's delay is a blow at production.

A GOOD OMEN FROM GERMANY.

Confirmation of the resignation of Dr. Bethmann-Hollweg, chancellor of Germany, is about the most important bit of news that has come from the European countries in recent months. Dr. Michaelis has been named as the retiring chancellor's successor. The importance which attaches to the resignation is not personal, for comparatively few persons in this country know anything about the chancellor or the possible policies which he will advocate. The important thing is that a change has been made and that the kaiser and his advisers have found it wise to give ear to the voice of the people.

Hollweg's successor may or may not advocate the same policies that are now in force, but be that as it may, the people have spoken and have been heard. The news of unrest in Germany is true. The time was, not so very long ago, when the kaiser followed the course he had mapped out without regard to the opinions or feelings of the people, no matter how voiced. Changes have evidently come. It is a good sign and points toward the day of ultimate victory for democracy. That day may not be near at hand but it is coming.

The greatest hope for an early peace—and that means a year or two—is the influence that may come from within Germany. Great forces are arrayed against Germany but it must be remembered that all the fighting thus far has been done outside the German boundaries. The land of the kaiser itself has not yet been touched and without helpful influence from within, the allied forces have a long and severe struggle before they can batter down the well nigh impregnable fortresses behind which Germany is entrenched.

I LEFT A SWEETHEART.

I left a sweetheart when called to the wars,
For her I am yearning neath the star-lighted dome;
Tho I gladly made answer to my country and stars,
I'll dream of that sweetheart till the boys go home,

I left a sweetheart, a dear little girl,
Her words at our parting were "Bravely go forth,
And follow our banner, where'er it unfurl,
And I shall be waiting in the land of our birth."

I have a sweetheart I left in the "states,"
Who longs for her lover that's over the seas,
And tho her heart's breaking she patiently waits,
And lists for his footsteps in each passing breeze.

I left a sweetheart so gentle and kind,
But I know that she's faithful and patiently waits,
Yet I'll dream of that sweetheart, that I've left behind,
Till the soldiers return to our own peaceful "states."

For me she'll be waiting in that country afar,
My own little sweetheart, so loving and true,
And she'll welcome me home when I come from the war,
To the "states" ever dear and our Red, White and Blue.

—S. A. Hughes.

Rippling Rhymes
By WALT MASON

No Help

If evil things should come to pass, it will not help to cry "Alas!" It will not help to cry "Alack! Life gives me fantods in my back!" When Lincoln held the White House job, he had a good excuse to sob. Then every day brought woe and care, brought dismal tidings of despair. Great Abe would listen to the news that gave his government the blues, and cry (men thought he ought to wail), "Say, that reminds me of a tale." Some did not understand him then, some mirthless narrowminded men; they called him jester and buffoon, while they put up their doleful tune, and talked of dead men's bones and biers, and wept some forty kinds of tears. But now we think of Abe as one who saved things by his genial fun. Historians now love to bless the man who smiled in times of stress, who told gay yarns while others wept and their supply of sackcloth kept. Though deep and dark your trouble is, it does no good to cry "Gee whiz!" Pretend you do not care a darn, and tell the boys a rattling yarn.

THIS DATE IN HISTORY

July 15, 1849—On account of cholera in its most malignant form appearing in Hillsboro, Illinois, the contemplated railroad convention which was to have been held the 20th of July in Hillsboro was postponed until the first Thursday in October, next.

Styles, quality and prices of men's Panama Hats sold at FRANK BYRNS' Hat Store will not be duplicated.

REMOVES BARBER SHOP

A. J. Hubbard, one of the city's popular barbers, has removed his shop from South Main street to 203 West Morgan street, one door west of Armstrong's drug store. Mr. Hubbard was formerly associated with A. B. Opperman and C. Laney, acquiring in turn the interests of both partners and conducting the shop on the best lines.

RETURNS HOME.

Mrs. Elizabeth Wynn, who has been a patient at Passavant hospital, for some time returned to her home at 326 Fulton street.

ALEXANDER WILL HAVE NEW SCHOOL BUILDING

John Weigand the Low Bidder on Contruction—Edifice of Matt Face Brick and Stone Will Be Modern in Every Detail—To Cost $14,580

Bids were opened Saturday afternoon for construction of the new school building at Alexander. John Weigand of Alexander was low bidder and J. K. C. Pierson, the architect, was instructed by the directors to let the contract to Mr. Weigand for the sum of $14,580. Other bidders were Vasconcellos & Sons, William McCullough and John Wolke. The directors of school district No. 15, are B. D. Davenport, E. J. Kumle and T. E. Cockin.

Bonds for the erection of the new building were voted several weeks ago. It is planned ot begin the work within several days and to complete the building, which will stand on land acquired for the purpose east of the Catholic church parsonage, late in October.

With its three commodious class rooms and large basement, the Alexander shcool will afford facilities for every need. With its two class rooms, the old buildings has been overtaxed and there was no provision for the natural growth of the district. The building is highly artistic in design and represents the last word in construction of buildings of that type. The materials are concrete, matt face brick and stone. The over-all dimensions are 56 by 47 feet. The class rooms will have 12-foot ceilings and the basement room, most of which will be out of the ground, will be 9 feet in height.

Each class room will have a cloak room of ample size. The cloak rooms will be entered from within the class room, placing the entrance under the direct control of the teacher. The building will also be provided with a large, roomy corridor. Ventilation will be thru the cloak rooms. A hot air heating system will be used.

The basement will be large and well lighted and will contain furnace, coal and toilet roms, as well as a play room for the boys and a play room for girls. The comfort and health of the pupils have been a prime consideration in all modern school house design and the new Alexander structure will be no exception to this rule.

JUST A WORD

To remind you that we are awaiting your pleasure about what ice cream you may want today; also anything you might like in cakes or a nice summer box of candy for your auto trip. Always at MERRIGAN'S Telephone 227

CITY AND COUNTY

Mrs. Elmer E. Smith returned Saturday from Joy Prairie where she spent several days with her sister, Mrs. W. C. Mason.

Miss Nettie Burnett, Hazel Rustemyer and Gladys Hamilton, operators for the Illinois Telephone Co., will be absent this week on their vacations.

Jacob Ham, employed on the C. & A. section, fell Saturday while at work and received a hand injury which will keep him from his duties for a day or two.

Mrs. J. J. Miller of Chicago is in the city visiting at the home of her parents Judge and Mrs. Owen P. Thompson.

L. O. Hartman of Chicago drove his White 30 car to Jacksonville yesterday, in the interest of the Willard Storage Battery Co.

Miss Ethel Mann, of the ready to wear department of the C. C. Phelps Dry Goods Co., is enjoying a vacation of three months, most of the time which she will spend in St. Louis.

Mrs. Hattie Montgomery and daughter, Mary Kathryn, left yesterday for Chicago. Mrs. Montgomery goes to attend the Marinello summer school and expects to be away from the city a month, leaving the shop here in charge of Miss Clerihan.

L. D. Claywell and Mrs. T. J. Claywell were in the city yesterday from Winchester.

E. K. Higdon of Chandlerville was in the city Saturday to see Mrs. Higdon, who is a patient at Passavant hospital.

Mr. and rMs. Oliver Capps of Hammond, Ind., arrived Saturday night for a visit with Mr. Capps' parents, Mr. and Mrs. C. C. Capps, 252 Park street. Miss Eloise Capps, who has been in Hammond for the past month, accompanied them home.

Edward Tomlinson has returned from Lake Geneva, Wis., and Pentwater, Mich., and will be in his father's store for the remainder of the summer.

Miss Grace L. McCarty, who is now manager of the Woman's Department of the Union and Planters Bank and Trust Co., of Memphis, Tenn., is expected home this evening for a visit of two weeks at the home of her parents, Mr. and Mrs. A. J. McCarty.

HOPPER'S

MR. WENDELL COMES TO LEAD Y. M. C. A.

A. R. Wendell of Kokomo, Ind., has been chosen to serve as physical director at the local Y. M. C. A., succeeding H. A. Brewer. Mr. Wendell has been physical director at the Peoria Y. M. C. A. for the past two years and comes to the local organization with the best of recommendations. He is now visiting relatives in Kokomo and will assume his duties here August 15.

DOING BUSINESS NOW IN WAR TIMES

Conditions For Wholesalers and Retailers Change Quickly—Government Takes Hand

There are constant evidences that we are doing business in war times and both retailers and wholesalers are finding out that fact. The Jenkinson-Bode company recently received the following letter showing how some of the great shipping firms are doing. The letter referred to is from a fruit growers' association with offices on the western coast.

This concern has already contracted its entire output to wholesalers and jobbers and is now writing to advise them that the government is very likely to commandeer supplies of preserved food products, including fruits and vegetables. The firm is writing its customers to advise them that if this action is taken by the government, that the firm's policy will be to pro rate the supplies not taken by the government among the customers whose orders have now been accepted.

Individual Rights Go

It is generally understood that in war times the government can commandeer any needed supplies and the rights of individuals, firms and corporations are swept aside for the general good. The letter referred to follows:

Puyallup, Wash.
July 9th, 1917.

To Contract Holders:

I beg to advise that there appears to be an impression that the Government is very liable to commandeer preserved food products which would include the fruit and vegetables put up in cans by this organization.

For your information—the canners have expressed to the government a willingness to help furnish the Government's requirements, so as to interfere in the least possible way with making deliveries to those who hold our contracts.

As near as we can ascertain the Government takes the position that their requirements must come first, and it is the opinion of the writer that instead of holding back with the Government, which may result in the Government stepping in and taking all that we have, we can best serve you by working in harmony with the Government, and sharing with other packers in taking care of the Government requirements, not at an increased price over what your contract calls for, but at the net sum that we receive from the sales made to you. We believe that your interests will be best served by this method.

If you have any suggestions to make we would be pleased to hear from you.

Should the Government demand a portion of our pack, which is entirely sold, we will prorate what is left, after the Government's requirements are taken care of, equally to our contract holders.

We would be pleased to hear from you on this subject.

With kind personal regards,
W. H. Paulhamus,
President.

Styles, quality and prices of men's Negligee Shirts that please the wearers are those sold at FRANK BYRNS' Hat Store.

PAN-AMERICAN SECURES HARRY C. PFAFF AS SALES MANAGER

Mr. Harry C. Pfaff has been secured as Sales Manager of production by the Pan-American Motors Corporation of Decatur, and the officials of the Company are more than delighted and proud to be able to have Mr. Pfaff join their already efficient organization.

Mh. Pfaff is one of the most popular, if not the most popular, man in the automobile business in this part of the country. He is also well and favorably known among the dealers and automobile men in Cincinnati, where he was formerly Sales Manager for the Cincinnati Chevrolet Motor Company.

Mr. Pfaff pioneered the Chevrolet Car in the state of Illinois and there are very few men in the game today who have as wide an acquaintance among the dealers and who are as favorably regarded as he is. His wide acquaintance is also due to the fact that he was with the Monroe Motor Co.

Mr. Pfaff also enjoyed his connection with the Ford Motor Company. He was likewise with the Maxwell-Briscow and handled the new Maxwell model now being built. As assistant to Erwin Green of the famous Erwin Greer Automobile Company of Chicago, Illinois, he distinguished himself, but it was with the Chevrolet company, whom he has been with since their very inception, that he made his most brilliant success.

He now leaves that company to accept the position of Sales-Manager of Production for the Pan-American Motors Corporation, after having refused several very flattering offers in the last three months. Mr. Pfaff states that after looking over the field, with which he is so thoroughly acquainted, and analyzing the methods and purposes of the different companies who wanted him, and giving very deep thought to all possibilities, he decided on the Pan-American Motors Corporation because he feels that the Pan-American Car, the "American Beauty Car" with the White Radiator, is in a class by itself.

REMOVAL NOTICE

I have removed my barber shop from 218 So. Main to 203 West Morgan street, at southwest corner of the square, and will be glad to welcome my friends and patrons in the new location, assuring all of the same efficient work and courteous attention which has been the rule.

A. J. Hubbard.

RUTH BOLAND

—in—

"The Neglected Wife"

The star of "Who Pays" and the "Red Circle" in her greatest picture

GRAND PRIZE OFFERED—YOU CAN COMPETE

$1,000 for the best solution of the problem advanced by this great story! $500 for the next best ending! $100 for each of the five next best!

"The Neglected Wife" is booking with a rush because it is a great human interest story written by Mabel Herbert Urner, the most widely read woman author in the world, because Ruth Boland is the star and because it is a Pathe picture.

Is it possible for a married man to honor and respect his wife, yet to lose all feeling of interest and love for her and turn to another woman? Many people have discussed this question. Many women have thought that their husbands were drifting from them. Many girls have dreaded that such would be the case if they married. "The Neglected Wife" deals with this subject in an absorbingly interesting manner.

"One of the very best pictures yet to be offered, 'The Neglected Wife', should not be missed by any." — Motion Picture News.

"The Neglected Wife" has a feature in every department of its production that will serve as a drawing card. Miss Boland is certainly a strong box office attraction." — Dramatic Mirror.

"Highly interesting, unusual theme, real thrills." — Moving Picture World.

"A theme of unquestioning interest and human appeal. Ruth Boland's charm and pleasing personality in evidence." — Exhibitor's Trade Review.

SCHRAM & BUHRMAN

A WAR POSTER.

Jacksonville people were interested in a poster shown in a recent issue of the Chicago Journal, because this work of art was done by Helen McDonald Johnson. The poster theme is "I wish my daddy had joined," and is one of the posters designed by art institute students in an exhibition for national service. The artists chose their subject matter from the following general heads, army, navy, marines, liberty loan, Red Cross and food conservation.

The committee which selected the most meritorious ones included in addition to several army officers, John T. McCutcheon and Robert Reid. Miss Johnson's mother lived in Jacksonville years ago as Miss McDonald and subsequently married Emmett Johnson. An aunt, Mrs. Brackett, is now living at Virden.

Fresh peach ice cream today.

IMPROVEMENT BOND DEFICIENCY FIGURES

Amount Proposed to Raise by Bond Election is Due to Bond Holders—It Must be Paid Now or the City Will be Sued.

Now that an election is to be held in Jacksonville on the question of issuing $23,000 in bonds to cover improvement bond deficiencies, the question is frequently asked as to the exact amount of the deficiency. An examination of the records of the city shows unpaid improvement bonds to the amount of $32,450. Balances on hand in certain funds and amounts still to be paid by property owners total $11,707.19. Subtract this sum from the total and you have $20,742.51.

Unpaid interest due bond-holders is $2,597.73 and this with the sum just quoted, means $23,340.24. That is practically the amount that the city council is suggesting should be raised by a issue. It should be stated again in this connection that $30,000 was paid by the sureties of the late M. W. Morrissy to cover the portion of the shortage for which they were obligated. After the bondsmen had paid their full liability there remained a large deficiency, and altho some payments have been made during succeeding years, the interest charges have piled up and, as indicated, the total required to wipe out all improvement bond deficiency is $23,000.

It is not a question of whether the city will pay this indebtedness. It is a question when they will pay it. The money is due to persons variously located, who purchased these bonds in good faith. There is no other way to satisfy these obligations but to pay them and if the city does not voluntarily arrange for the money the bond holders will of necessit go into court, bring suit and enforce collection. In order to keep the city's credit—or rather to get back the standing which it has already lost—it is certainly advisable to vote bonds now and provide for the payment.

Styles, quality and prices of men's Panama Hats sold at FRANK BYRNS' Hat Store will not be duplicated.

SATURDAY'S AUTO NOTES

A. Liter of Literberry was a visitor in Jacksonville yesterday, coming in his Maxwell car.

Frank Hunter of Sinclair drove to Jacksonville Saturday in his Interstate car.

JOHN W. PRIEST GOES TO NEW FIELD.

John W. Priest, associated with the Courier for the last eight years, has resigned his position to take effect July 21.. Mr. Priest will then go to Springfield where he will be a member of the State Register staff.

Mr. Priest entered the employ of the Courier in the circulation department. After about four years' service he was transferred to the editorial department where he has proved a most valuable employe. He has contributed special articles and also has done general reporting. Recently he has also contributed to the editorial page. Mr. Priest has proved a first class newspaper man and a trusted employe and it is a source of regret that the management of the Courier see him leave. His opportunities will be much greater in Springefild, however, and his many Jacksonville friends will wish him success in his new work.

Fresh peach ice cream today.

PROBATE COURT

In the matter of the guardianship of Helen Asa Bager, petition for authority to expend part of the principal allowed.

In the matter of the guardianship of H. D., David and B. L. Henry, petition of Howard D. Henry that letters of guardianship issue to J. Lee Wyatt allowed and bond fixed in the sum of $5,000.

In the estate of Sarah E. Wylder, the supplementary inventory was approved.

In the matter of the conservatorship of Simpson B. Megginson letters were ordered to issue to Eva Megginson and bond fixed in the sum of $6,000.

A. AND J. ROAD TO PAY TAXES.

A recent issue of the Alton Telegraph states that the Alton & Jacksonville road will pay its share of the paving on Belle street, and will make a private contract for the work with the contractor, C. H. Gegenhardt. The paving work will be pushed forward with all possible speed because of the general advance in price of materials and the difficulty of securing quotations from supply firms except for short periods.

It is claimed that in making the assessment an error was made in the name of the road, and that on this ground the management of the line could raise objections to the assessment. However, as previously stated, the road will proceed with the work as ordered by the city council of Alton.

ANOTHER SHIPMENT OF MID-SUMMER AND EARLY FALL HATS JUST RECEIVED AND PUT ON SALE AT HERMAN'S.

FUNERAL NOTICE

Funeral services for James G. Fox will be held this morning. Brief services will be held from the residence, 225 Caldwell street at 9 o'clock in charge of the Rev. F. B. Madden assisted by Dr. A. B. Morey and the Rev. E. L. Pletcher. The remains will then be taken to Garner Chapel, near Chandlerville where the funeral sermon will be preached at 11 o'clock by Dr. Madden assisted by Rev. O. H. Myers, pastor of Chandlerville charge. Burial will be in Garner Chapel cemetery. In case of rain the house services will be at 7 o'clock.

WHY A BOND ELECTION?

The people have voted twice and said emphatically both times that the regular revenue of the city was more than enough if wisely expended to keep the city in better condition than it is now. Our fire engines are among the best and in good condition and the city will not need new ones for years. And as to the Morrissey debt, it is only three thousand instead of twenty-three thousand.

Why at the present time, when the nation has a foreign war on its hands and will have to tax the people all they can stand to carry on that war, would it not be more sensible to wait until the war is over before asking the people to vote more taxes on themselves.

Improvements that are needed should be done now. There is the East State street pavement. That is a disgrace to the city. The assessment roll providing for every dollar for a new pavement was confirmed nearly two years since and no work has been done on it yet. Go on with that work. A number of new assessments have been made on streets that have fair pavements. If the contracts are let now it will cost the property owners one-third more than it will at the close of the war and very likely the work would not be done before that time.

Our mayor is continually trying to run the city in debt. Would it not be better for him to run the city as well as the aldermen did, on less revenue than the city receives now? It must be that constantly seeing so much money in the bank has affected his head and he has become a money maniac. It will not do to let him have forty thousand dollars extra to spend. So every voter turn out the 24th so that a majority may not vote a tax on the citizens at this time.

E. S. McDONOUGH, Manager

TENNESSEE CITIZEN GUEST OF H. H. MASSEY

Trio Have Had Pleasant Business Relations Thru Period of Years.

Mr. and Mrs. A. H. Askew of Jackson, Tenn., are making a brief visit at the home of Mr. and Mrs. Hart Massey, southwest of the city. Mr. Askew, who is a prominent business man in Jackson, is enroute to Missouri on a business trip and stopped off to see Mr. Massey who is his long time friend. Mr. Askew, who has for several years been a member of the Tennessee legislature, is active in both church and business circles in his home city and in his work in the legislature has for years been one of the leaders in the dry movement. As a matter of recreation and sport he has for a long period paid some attention to driving horses and the acquaintance between the southerner and Mr. Massey began when they met on one of the fair circuits in Illinois ten years ago. The acquaintance formed at that time resulted in Mr. Askew's placing a number of horses with Mr. Massey for training in the following years, and the cordial relations between them have continued until the present.

Shipment of fresh Johnson's Chocolates just received.
MULLENIX & HAMILTON

Social Events

Dinner for Miss Kate Hoban.

A surprise dinner was given in honor of Miss Kate Hoban, Friday. The occasion being the birthday of Miss Hoban. Eighteen of her friends helped her remember it, with a picnic dinner given at Nicholas park.

Each of the guests brought well filled baskets, of which all heartily ate. The guests departed at a late hour, wishing Miss Hoban many more happy birthdays.

Birthday Dinner for W. A. Tarzwell

W. A. Tarzwell, southwest of the city, recently celebrated his fifty eighth birthday anniversary and the event was fittingly observed by a family dinner party planned by his daughter, Mrs. Margaret Culp of Kankakee. All of the children were present, together with their families, and the day was one long to be remembered. At the noon hour an elegant four course dinner was served. The dining room was tastefully decorated, sweet peas and nasturtiums being used in profusion. The afternoon hours were spent in a delightful social manner, and Mr. Mollenbrok, the Jacksonville photographer, took a picture of the group.

Those present were Mr. and Mrs. James Myers of Murrayville, Mr. and Mrs. C. J. Lonergan of Woodson; Mr. and Mrs. W. F. Tarzwell of Jacksonville, Harry and Jesse Tarzwell of Woodson, Mrs. Margaret Culp of Kankakee.

Mrs. Culp departed in the evening for Kankakee, where she is matron at the state hospital for the insane

Miss Fannie Masters Entertained for Guest.

Miss Fannie Masters entertained for her guest, Miss Euella Davis of Modesto, Friday evening at her home southwest of the city. Games and music afforded amusement and excellent refreshments were served. Those present were Roy Ragen, Louis Eisle, Henry Vest, Jacksonville; Phillip Standley, Earl Baxter, Ed Gordon, Thomas Dodsworth, Albert Potter, William Herring, Harry Stringer, Frank Hart, William Schofield and Misses Ruby Baxter, Euella Davis, Gertrude Gordon, Leila Potter, Mamie Herring, Montie Bart and Joyce Martin and Jesse Masters, Miss Beatrice Standley and Mr. Will Schofield.

BIRTH RECORD

Born to Mr. and Mrs. Dave R. Clarke of Chicago, a daughter. Mr. Clark is a son of Mrs. D. B. Clarke of this city.

Born Friday to Mr. and Mrs. Barry Davis of Galesburg, a daughter. Mrs. Davis was formerly Miss Marie Piepenbring, of this city.

CLUBS AND SOCIETIES

A Mother's meeting will be held at Northminster church next Thursday after which the ladies of the church will enjoy their birthday social. The hostesses will be Mrs. M. G. Fernandes, Mrs. Anna Oliver Baptist, Mrs. A. F. Sardinha, Mrs. Guy Lynn, Mrs. Charles Pires and Mrs. Frank Martin.

The Social Domestic Science club will meet with Mrs. Austin Carter at her residence on Superior avenue Friday, July 20.

The Woman's Home Missionary society of Centenary church will meet with Mrs. E. L. Pletcher at the parsonage Friday afternoon.

The next meeting of Westminster women at the home of Mrs. J. H. Russel on Caldwell street Thursday afternoon at 2 o'clock, will be a church birthday party. Members of the aid society whose birthdays are in May, June and July will be the hostesses. As at the last meeting, the time will be spent in sewing bathrobes for convalescent soldiers.

SUMMONED BY ILLNESS.

Mrs. J. C. Lukeman of Sandusky street left Saturday night for Springfield, called by the serious illness of her father, N. J. Baum. Mr. Baum has for a number of weeks been suffering from cancer of the stomach and when Saturday he lapsed into unconsciousness it was evident that the end was not far away.

MOTOR TO MINNEAPOLIS

Mr. and Mrs. Ray Hartman and Mr. and Mrs. J. A. Munson and son Harold, expect to leave Monday morning for Minneapolis, Minn. They will remain for about four weeks. They will make the trip in Mr. Munson's car.

WAR NEWS SUMMARIZED

The political situation in Germany is still far from a solution, judging from the fragmentary news permitted to pass the censor. Rumors of the abdication of Emperor William and a strike of the reichstag have received no confirmation. A wireless despatch given out by the British admiralty late Saturday evening however, said Dr. Von Bethmann-Hollweg, the German imperial chancellor had resigned. London despatch says Dr. Geirg Michaelis, Prussian undersecretary of finance and food commissioner has been appointed to succeed Von Bethmann-Hollweg.

A Berne despatch says an official telegram has been received there from Berlin announcing the resignation of General Von Stein the Prussian minister of war. The importance of his retirement lies in the fact that the Prussian war ministry is in reality the war ministry for the German empire and that General Von Stein is a staunch supporter of the Pan-Germans who are the bitterest opponents of peace without annexations or indemnities.

Russia's victorious troops have made a further advance in eastern Galicia, where the Austro-German lines were shattered by General Korniloff's drive. Petrograd announces officially the capture of the village of Novica southwest of Kalusz. The Germans evidently have brought up troops in an effort to stay the disorganized retreat of the Teutonic forces in this region as the Petrograd war office reports two counter-attacks in an attempt to dislodge the Russians from Kalusz. The efforts met with no success.

Elsewhere on the Russ-Galician front the situation is unchanged and apparently the Russians have paused to gather their forces for a further drive.

The French and British armies on the western front are still idle except for local operations. Stiff fighting occurred on Friday night in Belgium Lombaertzyde, and Berlin announces that British attacks there broke down with heavy losses. The British report, however, says the Germans made a fruitless attack in that sector. Heavy artillery fighting is in progress at many points on the Aisne front.

The British transport Armadale was sunk by a submarine in the Atlantic on June 27, London reports. There was only a small number of troops on board the Armadale. Six soldiers, one passenger and four of the crew are missing.

ME NON DESTROYERS NEED HEAVY CLOTHES

Letter From Warren Nixon Gives Suggestion of Strenuous Life on a United States Destroyer

A letter written to Edgar E. Crabtree by E. A. Nixon mentions the receipt of cablegrams and occasional letters from his son, Warren Nixon, who is second in command on a U. S. destroyer doing service somewhere on the other side of the Atlantic. In one of these letters Lieut. Nixon mentions that he constantly wears two pairs of woolen socks, heavy woolen sweater and thruout the warmest clothing that he can secure. The explanation is that much of the time the officers and men serving on the destroyer have their garments wet. Vessels of this class travel with such speed that whether the sea is rough or smooth it is impossible to keep the clothing dry unless one stays below deck.

JACKSONVILLE JOURNAL COMPANY

MATRIMONIAL

Reed-Reidel

Harry C. Reed of Ashland and Miss Ola Mae Reidel of Hiawatha, Kans., were married Saturday afternoon at 2:30 o'clock at Centenary M. E. parsonage, the Rev. E. L. Pletcher officating. Mr. and Mrs. A. G. Waterfiel of Sinclair attended the couple. Mr. and Mrs. Reed will make their home in Ashland where the groom holds the position of manager for the Ashland branch of the Petersburg Utility Company.

WITH THE SICK

Mrs. Orville Adkisson, 849 Grove street, has returned to her home from Our Savior's hospital, where she underwent an operation for removal of tonsils.

Fred Grassly, who underwent an operation Friday at Passavant hospital for appendicitis, is improving in gratifying manner.

C. E. DELAPLAIN CLOSES BIG DEAL

The following notice appeared recently in the Quincy Whig announcing the sale by C. E. Delaplain of a 480 acre farm in Pike county. This makes 1125 acres of Pike county land Mr. Delaplain has sold since June 15, 1917. He has a wide acquaintance, understands the real estate business thoroly and seems to have located wisely in choosing Quincy. The article referred to says:

Another farm sale is recorded by C. E. Delaplain, rooms 8 and 9, Stern building, this being the 480 acre farm known as the Rocker farm, one mile south of Seehorn station, in Pike county, Ill. This fine grain farm has two sets of excellent improvements, some of the finest cribs and hay barns in Pike county. The land is very productive, being all drained by a $9,000 system of tiling.

J. H. Harberts of Golden, Ill., made the purchase.

Several other deals pending. Delaplain Sells 'Em.

OPEN AIR SCHOOL CHANGES PLANNED

Building on Weber Lot Will Be Remodeled After Removal to Morgan Street.

Mention was made recently that the Weber property adjoining Grace M. E. church will be used by the open air school this year. The open air school is under the joint management of the board of education and the Anti-Tuberculosis society and various changes in equipment have been agreed upon and will be made by the board of education. The property has been leased for a term of years from Herman Weber and the board will move the house which now stands on State street to Morgan street.

The lower floor will be equipped with shower baths, toilets and a play room and there will be a dining room and kitchen on the second floor. The schoolroom proper will be moved from the present location and placed north of the house after its removal to Morgan street, and the vacant lot remaining between the school room and State Street will be somewhat of a show place in that the arrangement of the class work done will be readily seen from one of the principal streets of the city.

Altho Mr. Weber had an opportunity to sell the property at an increase over the purchase price he leased it to the board on the basis of an actual investment.

MRS. MECCA D. YECK OF CONCORD BUYS HUDSON

R. T. Cassell has sold to Mrs. Yeck of Concord a Hudson Super Six Phaeton for immediate delivery.

CLARK GREEN SHIPS HORSES TO QUINCY

Will Enter Races Next Week—Has Fast Stable—Eight Horses to Race

Saturday afternoon, Clark Green, the well known race horse man shipped eight fast horses to Quincy, which he will enter in the races to be held there next week. Mr. Green will be accompanied on the trip by Russel King, who has been assisting him in the training of the horses.

The horses that Mr. Green is shipping are fast ones, and are expected to win some of the money. Vanda Vincent, has a record of 2:10 1-4, and Beulah Fuller a record of 2:14 1-4. Missouri Earl holds a record of 2:15 1-4, and Marie Constant, 2:12 1-4. Sim, a green pacer, owned by William Hairgrove, has gone a mile in 2:12, and Miss Ophelia Peters, and Betty Boyd, two green pacers, have gone the mile in 2:13 1-4 and 2:16, respectively.

These horses will have the backing of all Jacksonville race fans, and it is felt that they will deserve it.

ATTENTION ELKS

PAUL CRAWLEY IN CHINA

Some Jacksonville people heard yesterday from Paul Crawley for the first time in many years. This news came from Washington and thus indirectly from Shanghai, China. It seems that Mr. Crawley recently applied to the consulate at Shanghai for a passport. In these days a great deal of red tape surrounds the issuance of a passport and application was made to the state department in the U. S. for certain affidavits to establish his identity. A letter was sent to Ex-Gov. Yates at Springfield, asking him to make some statement with reference to the young man, who is a son of the late W. A. Crawley. As he was not familiar with the facts he sent the letter and enclosure to E. E. Crabtree here, who is well acquainted with Mr. Crawley. From his general knowledge of the family Mr. Crabtree was able to furnish part of the facts wanted and secured in addition a certified statement from County Clerk C. A. Boruff setting forth the date of Crawley's birth and the names of his parents as shown on the records at the court house.

DWIGHT KASTRUP HERE

Mention was made recently of the appointment of Dwight Kastrup to the position of traveling auditor for the C. B. & Q. railroad. Mr. Kastrup, who recently entered upon his new duties, is making a brief visit with his parents, Mr. and Mrs. William Kastrup, here. After he had served in the local passenger office Mr. Kastrup was transferred to Oxford, Nebr., and from there went to Ft. Morgan, Colo., still later going to the Chicago office. His faithfulness and ability resulted in his last appointment.

Mrs. J. D. Dana of St. Louis is in the city, a guest of her brothers, Lloyd and Alden Brown.

Sickness is bad; to lose your job is worse; but poverty is the worst calamity of all.

The Man with Money has his money safe in the Bank, so when adversity comes he is prepared for it.

"It never rains but it pours." It seems that everything happens to a man when he is BROKE. "Troubles never come singly."

Guard against poverty by putting some of your spare money in the Bank. Of all the worries and care the worst is poverty and debt. You can prevent them by the money you can well afford to put into the Bank now.

Y. M. C. A. BOYS PLAN FOR ANNUAL CAMP

Will Go to Elsinore Cottage at Lake Matanzas.

The annual boys' camp under the auspices of the Young Men's Christian Association will be held this year at Lake Matanzas from August 1 to 10. Boys who expect to go this year will meet at the Y. M. C. A. tomorrow night to talk over plans. Secretary J. S. Findley will have charge of the expedition and will have a number of boy assistants, each one responsible for a group of five. By this plan it is possible to give careful supervision to all of the boys and thus insure their safety. The purpose of the summer camp is to give the boys an outing at a nominal expense with the certainty that their surroundings will be good. A boy in seeking some freedom from home restraint is only following natural inclinations and all that is necessary for the average boy is to surround him with the right influences.

Parents who have let their boys go on past expeditions have been greatly pleased by reports from the camp life. This year the boys will occupy Elsinore cottage, as they did last year. The cost for each boy will be $7.50, which includes railroad fare. The outfit required for each boy is as follows:

A camp box, 30 in. long, 18 in. wide and 15 in. deep, fitted with handles, hinges and lock, in which to pack; one heavy, dark colored blanket, pillow, pair of heavy shoes, cotton shirt, overalls, felt or straw hat, gymnasium suit, wol sweater, night shirt, overcoat or rain coat, extra stockings, handkerchiefs, towels, bathing suit, extra suit of old clothes, comb, brush, tooth brush, soap, mirror, safety pins, camera, musical instruments, baseball glove and fishing tackle. Knife, fork, spoon, tin cup and two tin plates. Games, Witch hazel, vaseline, etc.

Among the rules in force is that no firearms or tobacco are allowed in camp. No boy shall enter the water for bathing or swimming except in the presence of one of the officers. Ample opportunity is given each day for swimming. Boats can be used only after permission has been granted by the officers in charge. The schedule of camp life which will be followed this year, just as in the past, will be as followe:

6 a. m., wake up call; 6:15, morning exercises, dip in lake; 6:45, breakfast call; 7, breakfast; 7:30, devotionau exercises; 7:45, round table; 8:15, department duties; 9:00, games, fishing, boating, etc.; 10:00, general swim; 12:00, dinner; 12:45, dress up tents; 1:00 general relaxation—good time; 3:00, bathing; 6:00, supper; 6:45, games, etc.; 8:00, camp fire; 9:00, everybody turn in; 10:00, lights out.

PRINCE COATES BUYS ROSS 8 TOURING CAR

Bert Young sold Saturday to Prince Coates of Lynnville a 7 passenger Ross 8 touring car for immediate delivery.

GOODLY NUMBER FILE FOR TRAINING CAMP

Nearly Thirty Jacksonville Men Have Secured Necessary Blanks.

Yesterday was the last day for filing applications for attendance at the second officers' training camp. Twenty nine men have secured application blanks from Mayor Rodgers and it is known that the greater number of them filed the applications in the regular way. Some of the young men have been named before. The list includes:

Henry W. Sparger, Robert H. Reid, W. Emen, W. R. James, John Larson, Louis A. Cain, Julius A. Mayer, Raymond C. Hufford, J. Fairbanks Smith, Charles Frederick Ehnie, Harold A. McGinnis, Charles E. Blair, Charles Beecher Scott, Picken Ernest Stanley Brewer, Earl Joseph Dupree, Benjamin Downing Burdick, Gus Walter Vallery, Elmer Jason Henderson, Henry Barnes Pinkerton, Allen Stewart, Lawrence Edward Cowger, Anthony Branon, Vincent Lee Lavery, Martin Thomas Cosgriff, Gerald D. Tannahill, Frank Fletcher Taylor, Dr. C. P. Magill, Charles R. Reinhardt.

SALE TO END FAMOUS LABOR CASE

Danbury, Conn., July 14—The final chapter in the celebrated Danbury hatters' case is scheduled to begin Monday when, by order of the Federal cort, the homes of 140 workmen in Danbury, Bethel and Norwalk will be offered for sale at public auction to satisfy the judgment obtained by the firm of Loowe and Company against the hatters" union because of a union boycoot against the product of their hat factory. The case had its beginning nearly ten years ago and was carried thru the Supreme Court of the United States, which upheld the verdict of the lower courts awarding $252,130 damages to the firm. Nearly $60,000 has already been paid on account, but the accumulation of interest accounts is such that about $250,000 is still due. The sale of the homes of the defendants is expected to yield about $200,000. It is said that the unions intend to indemnify the defendants after their homes are lost.

HENRY ASTOR HAS PRINCELY INCOME

NEW YORK, July 14.—Instead of being in poor circumstances as had been generally believed it was disclosed here today thru supreme court proceedings that Henry Astor, now more than 85 years old, and sole surviving son of the late William B. Astor, is enjoying the income from 125 parcels of valuable property in this city. Trustees of a trust created in 1834 by William B. Astor filed application for approval of their guardianship and in this way Henry Astor's princely income was revealed. Mr. Astor has been living in apparent obscurity on his farm at West Copake, Columbia county, N. Y. He was disinherited when he married the daughter of his father's gardener. Long before the marriage however, a trust had been created for him.

OPEN MOVIE EXPOSITION.

Chicago, July 14.—The seventh annual moving picture exposition opened here today. Booths elaborately decorated represented the various producing firms and one star and a number of lesser luminaries lent lustre to the scene. Those in the trade will take up business matters next including the vexed censorship problem at the exposition meanwhile continuing.

ARREST NINE IN RAID.

Kansas City, Mo., July14.—Nine men were arrested here late today in a raid upon the headquarters of the Industrial Workers of the World by Lieutenant Ralph Trueman with members of the National Guard acting under governmental instruction, it is said. Two revolvers, considerable ammunition and a patrol wagon load of literature were confiscated by the troops.

ENGLISH FARMERS HELP RED CROSS

Have Given Vast Sums for This Good Work—Paper Sent to George Richardson Tells of Sale at Easingweld.

George H. Richardson of the Point neighborhood has received a copy of the Yorkshire Herald, which tells about a Red Cross effort at Easingwold from which more than 1,450 pounds sterling was realized. This in our money means about $7,000. This sum was raised at a agriculture and general sale held in the market place and the sum rised for the British Farmers' Red Cross fund. Previous sales had been held but the record for generosity at the sale exceeded the previous record.

The greatest interest in the sale centered about a bullock given by Mr. Colley, of Grove House, who is a cousin of Mrs. Richardson. This highly bred animal of large size was sold and resold until the total amount paid for it was 500 pounds. Mr. Colley, who is mentioned above, has given three sons into the service of the empire. Several other animals were sold and the money paid for them and for various products offered reached the sum already indicated. At the conclusion of the sale a brief program was held and thanks were extended to Mr. Colley for his gift and mention was made of how uncommonly well the farmers of that locality are doing in their war relief work. Six hundred thousand pounds for the Red Cross work has been collected thru these sales. Of the sales held 150 had raised sums running into four figures and Easingwold was one of the number. Mr. Colley said he had been led to make the gift at the suggestion of his son, Major Colley, who stated that no one not in actual service could realize the great value of the Red Cross work.

Mr. and Mrs. Charles Martin and Mr. and Mrs. James Martin and daughter Gladys, will drive to Tallula today for a visit with friends.

SPENT DAY AT PIASA.

The three Jacksonville nurses who spent the day Saturday at Piasa, as guests of nurses of District No. 14, found the occasion one of great enjoyment. Miss Marie Burrus, president of the 14th district was hostess. A noon-day picnic dinner added much to the entertainment. Nurses were present from Granite City, East St. Louis and Collinsville as well as from Jacksonville which was represented by Misses Venner, Kirchoff and Hazen. Saturday was Red Cross day at Piasa Chautauqua and this observance was a notable one.

CAUGHT HAND IN PUMP.

John Flynn of Clements was at Our Savior's hospital Saturday to receive attention for an injured hand. He was working at the pumping station near Clements and received a broken thumb when he caught his hand in the machinery.

ATTENTION ELKS.
Don't miss the annual chicken fry at Oak Lawn retreat, Wednesday, July 18, 5:30 to 7:30 p. m.

FRENCH COURTESY MARKS DEMONSTRATION

WASHINGTON, July 14.—French courtesy marked every phase of a suffrage demonstration staged before the white house today by sixteen members of the woman's party as a feature for the anniversary of the fall of the Bastile. In fact there was so much politeness and so little disorders that the crowd gatherd for the widely advertised show dwindled away before it was over.

The suffragists, carrying banners, the most conspicuous of which bore the French revolution motto, "Liberty, Equality, Fraternity" marched quietly to the white house grounds, stopped politely refused to move on, were arrested by the police with every show of consideration and later calmly deposited bail of $25 each to guarantee their appearance in police court on charges of unlawful assemblage. The courtesy of the police left nothing to be desired. Approaching each woman seperately Captain Fletcher, who directed the roundup, would remove his cap, bow and quietly advise her of the law against such assemblage. When the women insisted they were within their rights, the captain, again doffing his cap and bowing, would inform them they were under arrest.

ATTENTION ELKS.
Don't miss the annual chicken fry at Oak Lawn retreat, Wednesday, July 18, 5:30 to 7:30 p. m.

PRESIDENT LIMITS GERMAN BUSINESS

WASHINGTON, July 14.—President Wilson today issued a proclamation prohibiting German insurance companies from doing further business in marine or war risk insurance in the United States and forbidding American insurance companies from re-insuring with them. Payment on existing contracts is suspended during the war except in case of vessels now at sea.

The president's proclamation contains the first official acknowledgement that valuable information may be getting to Germany thru German insurance companies.

"The nature of marine and war risk insurance is such," it says, "that those conducting it must of necessity be in touch with the movements of ships and cargoes and it has been considered by the government of great importance that this information should not be obtained by alien enemies."

ELECTRICIANS WILL RETURN TO WORK

Butte, Mont., July 14—Considering that labor troubles in Butte so far as the electricians union is concerned are at an end, Frank J. McNulty, international president was planning today to depart for Washington next week.

FIRE EQUIPMENT CHANGE WOULD SAVE MONEY

Proposed Motorization of Jacksonville Department Looks Toward Both Economy and Efficiency.

The proposed motorization of the Jacksonville fire department should appeal favorably to all citizens who want adequate fire protection, economically provided. The fire insurance underwriters recommend motor driven fire equipment. The experience of other cities proves that such equipment cuts down fire losses. That's why insurance men want it. Aside from increased efficiency a change to motor equipment will effect savings of several thousand dollars a year.

The records of the fire department show that in the past year during one period of 51 days not a call was received. Then came days with a few alarms and then another spell of 30 days without a single call for assistance from the department. But the expense was going on just the same for the feeding of the six horses it is necessary to keep at all times in the department. For months past the expenses of feeding have been very heavy and the indications are that this will be true during a long period, as prices of corn, oats, hay, etc. are high and will be so.

At the present time, according to the records of Commissioner Martin, it is costing $1 a day per horse for feed and bedding. This expense goes on 365 days in the year. The average cost of shoeing is $3 per horse each month and veterinary bills run from $75 to $100 a year. An average of one horse per year must be changed at an average cost to the department of $200 to $225. With motorized equipment the daily expense would be cut down very materially, as there is no cost for operation except when the equipment is in use. These figures serve only to emphasize the economy feature of the proposition and make no reference to increased efficiency and greater protection.

COMPLETE PLANS TO REQUISTION VESSELS

All American Yards Will be Notified Monday That the Government has Taken Charge.

Washington, July 14.—Plans for the requisitioning on Monday all steel merchant ships under construction in the country were completed today by Major General George W. Goethals, manager of the shipping board's emergency fleet corporation. All American yards will be notified that the government has taken charge and that they are to follow the corporation's directions. About fifteen yards in the country are producing major ships. A government agent will be put in charge of each.

Ships under construction will be speeded up, General Goethals announced by the addition of overtime where necessary, by additional labor shifts and by the elimination of non-essential refinements of construction.

Contracts will be let Monday for the construction of the two great government owned ship building plants, in which General Goethals will have fabricated steel ships built. These two plants are expected to turn out within eighteen months or two years four hundred vessels o f 2,500,000 tons.

Altho General Goethals has announced contracts for three hundred and forty-eight wooden ships with another 100 under negotiation possibilities of trouble between him and the shipping board were still seen tonight over the wooden ship building program.

TAKE STERN MEASURES AGAINST DESERTERS

Petrograd, July 14.—The wives of Russian soldiers are taking stern measures against deserters from the army, particularly in central Russia, according to reports to Petrograd papers. At a congress of soldiers wives which was presided over by peasant women is was unanimously resolved "to hand over to justice all deserters from the army including, if necessary, our own husbands."

WILL REVOLUTIONIZE ALL EXPORT TRAFFIC

CHICAGO, July 14—C. G. Burnham, vice-president in charge of traffic of the Chicago, Burlington & Quincy railroad in a statement today declared that President Wilson's proclamation prohibiting practically all exports except under federal license will revolutionize all export traffic and therefore is of utmost importance to the railroads and manufacturers and shippers of articles for export.

Vice-president Burnham advised every shipper of export traffic to thoroly acquaint himself with the provisions of the federal embargo and secure the necessary license before attempting to forward any shipments.

RESTORE FILM TO GOOD STANDING

Chicago, July 14—A motion picture film depicting vividly the reported brutalities of German soldiers, which M. L. C. Funkhouser, second deputy police commissioner refused an exhibiting permit in Chicago on the ground that it might wound German susceptibilities was restored to good standing by a jury in the municipal court today.

ASK POLICE TO SEARCH FOR MAN

Chicago, July 14—Police today were asked to search for Peter Swanson, who came here three weeks ago from Davenport, Iowa, to visit his sister. He disappeared Wednesday. Three weeks ago Swanson was found wandering aimlessly in Lincoln Park with $2,000 on his person.

WINCHESTER CHURCH HOLDS LAWN PARTY

Good Attendance at Ice Cream Social Held Saturday Night on Christian Church Lawn—Other Winchester News.

Winchester, Ill., July 14.—An ice cream social, held tonight by the ladies of the Christian church here was well attended, and an unusually good time was enjoyed. Several Jacksonville people were present, as well as many from neighboring towns.

Mrs. Ed Leach who has been visiting in Alton at the home of W. H. Viseman and family, returned today.

Mrs. Elmer McCullough has returned from a ten day visit with relatives in St. Louis.

L. C. Wells and Mrs. T. G. Wells of Tulsa, Oklahoma, are visiting here with Charles Doyle and family, and other relatives

George Hodginson of Springfield is here for a visit with friends.

Ralph Thomas and family were visiting in Jacksonville today.

Clarence Cox, who has been in North Dakota for several months, has returned to his home here.

Little Warren Smith will leave Sunday morning for Bloomington, where he will visit relatives. He will be accompanied to Jacksonville by his father, T. D. Smith, and his uncle, Albert Coultas. They will go in Mr. Coultas' car.

The families of C. E. McDonald, J. McDonald, Ben and Charles Millikin and Mrs. Lecie Dahman, son Mac Dahman and Miss Cecil Wallace enjoyed a picnic this evening at Nichols park, Jacksonville.

Charles Hieronymus and family of Beardstown are guests of Charles Hieronymus, Sr.

Mrs. Ray Winsor and little daughter of East St. Louis arrived Saturday night for a visit with Mr. and Mrs. Carl Nelson.

Mrs. E. C. Briggs of Springfield is visiting John Kellem and family for a few days.

A SOLDIERLY SOLDIER

A few years ago a careless young boy was working around here. Then it was reported that he had gone into the army or navy. Word came later of some of his experiences.

Saturday a fine looking, splendidly "set up" young man was around seeing his friends.

It was William H. Blue, of the 10th U. S. Cavalry, Ben Grierson's old regiment in the Regular army. And William H. Blue was every inch the soldier. Uncle Sam had made a man of him.

Clad in khaki, the cavalry cord of yellow around his smart service hat, neat as a pin, his face healthy and good looking, his parents can be proud of him, his friends glad to see him, and he a service to the land of his birth.

Meantime the young warrior has been in China, Japan, the Philippines, and with Pershing in Mexico. There on that hot trail thru the desert after Villa; there where the captains gave up their lives for their country; all these places William H. Blue has been.

Saturday he was home on a short furlough from his post in Arizona, ready and hoping to be sent over the water to Pershing again. So war and army training helps and makes men out of some people. And on the young soldier's breast was the medal for 276 good shots out of a possible 300.

A TEXAS WONDER
The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame back, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder trouble in children. If not sold by your druggist, will be sent by mail on receipt of $1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo. Sold by druggists.—Adv.

Ventilating Porch Shades
Keep the Hot Sun Out
Let the Cool Breeze IN
No porch need now be hot and uncomfortable. These new Ventilating Porch Shades reduce temperature 10 degrees on hottest days.
Real ventilation is the secret! Air is not retarded as with old style, heavy awnings and shades. Nothing so delightful and cool as the Aeroluxed porch.
Beautiful—Durable—Artistic
Aerolux Ventilating Porch Shades are made of rustic Linwood. They last for years—defy weather—need no attention.
When rolled up cords are out of sight. Patented "No-Whip" attachment prevents flapping in the wind.
Aerolux Ventilating Porch Shades will give you absolute comfort. Compared with service given they are the most economical you can buy.
We carry a complete line of Aerolux. Variety of beautiful permanent colors. Sizes to fit any porch opening. Come in today and see them or ask to have our representative call with samples.

WARD AGENCY TAKES OVER CREDIT RATINGS

NEW AGENCY WILL ALSO MAKE COLLECTIONS AND LOANS.

Credit Ratings, Formerly Handled By the Jacksonville Chamber of Commerce, Are Taken Over By The Ward Merchantile Agency.

A fact not generally known in Jacksonville is that J. W. Ward, of the Ward Merchantile Agency, 301 and 302 Ayers National Bank building has purchased and taken over the credit rating system formerly operated thru the Jacksonville Chamber of Commerce.

Mr. Ward has been engaged for the past ten days, together with two assistants, in revising and bringing his newly acquired credit ratings up to date and ready for quick reference by his patrons.

Mr. Ward has operated a similar agency in Beardstown for the past four years, the merchants there claiming that ratings have become a hundred per cent better and they speak very highly of his methods.

When finished Mr. Ward expects to have the exact rating of every citizen of Morgan county, as he now has of practically the entire county of Cass. This will be of great benefit to Jacksonville business men.

When in full swing the Ward Merchantile Agency will be a complete and trustworthy rating, collection and loan agency. Ratings and credit information will be given patrons on application, as heretofore.

Mr. Ward's success during the past four years in this class of work in Beardstown speaks highly of his ability. The credit rating system inaugurated by the Chamber of Commerce for the benefit of the business men of Jacksonville will be kept in the highest state of efficiency at all times, and thus be of very great value to the merchants of this city.

Our pendant ear rings in Amethyst, Topaz, Sapphire, Crystal, Pearl and Filagree will please you.

WILL GIVE DOLLAR SOCIAL

A "Dollar Social" has been planned for Tuesday evening by the Ladies' Aid society of Centenary church. This will take the place of the regular social meeting of the society and will be held in the church parlors. The gentlemen will be special guests at the meeting, and the hostesses will be Mrs. Thomas Clampit, Mrs. John Kirkhan, Mrs. Chas. Hankins, Mrs. Jennie Kitner and Mrs. Victor Bergstrum.

Members of the society some time ago assumed the task of earning each one dollar to be contributed to the treasury of the organization, and Tuesday evening the ladies will describe their methods of earning the money.

HOUSEHOLD ECONOMICS AT CHAUTAUQUA

Four Experts Secured to Give Instruction Along Various Lines

The Chautauqua management has secured from the Agricultural Extension Service for lectures and demonstrations in household economics each week-day morning and afternoon four experts, Miss Leona Hope, Miss Naomi Newburn, Miss Florence Hunt and Miss Fannie Brooks. Their subjects from Aug. 17 to Aug. 27 include things of special importance at this time when all are trying to do their bit, and include:

Dress Design.
Food and Its Functions.
Planning Meals.
Canning Fruits.
Methods of Food Preservation.
Canning Vegetables.
Transforming the Old-Fashioned Kitchen.
First Aid and Home Sanitation.
Proper Food vs. Patent Medicine.
Jelly Making.
The Conservation of the Child.
The Evolution of Furniture.

Those interested in Canning and drying fruits and vegetables may obtain free, by requesting from the Division of Publications, U. S. Department of Agriculture Washington D. C., Farmers' Bulletin 839, Home Canning by the One-period Cold-pack Method and Farmers' Bulletin 841, Drying Fruits and Vegetables in the Home. These bulletins have just been issued and cover the newest and best methods and are very valuable.

ALL OUR WHITE AND COLORED SPORT SKIRTS REDUCED FOR IMMEDIATE SALE AT HERMAN'S.

BIG PICTURE COMING TO GRAND OPERA HOUSE

"The Call of Her People" Featuring Ethel Barrymore Will Be Here Wednesday and Thursday of This Week

One of the best offerings of the year will be "The Call of Her People," with Ethel Barrymore in the leading role is announced by Manager Johnson for the Grand Wednesday and Thursday of this week.

In "The Call of Her People" Miss Barrymore has the role of a young gypsy girl who is taken from her tribe and placed with a wealthy man in the city who had married a gypsy girl. He is told that the girl is his daughter.

The gypsy girl, whose name is Egypt, is in love with the son of the chief of the tribe. She awaits his coming for many months, hoping he will rescue her. When he fails to appear she finally agrees to marry a young man, a friend of her father. On the day of the wedding young Faro having become king of his tribe thru the death of his father comes to the city in which Egypt lives. Then Faro kills a villager in a quarrel and after some exciting adventures he finally rides away with Egypt down the open road to happiness.

In this play Miss Barrymore is said to have one of the most congenial roles of her career. Miss Barrymore comes from a long line of famous players of the legitimate stage, and is one of the few legitimate players of the speaking stage who has been sucessful on the screen. Miss Barrymore's finished artistry gained from long years of study and endeavor is as conspicuous in her work before the camera as it was on the speaking stage. She will be supported by an all star cast, among them William Mandeville who was a star of the operatic stage a decade ago and familiar with Jacksonville play goers.

MISS MARY WRIGHT BRIDE OF REV. E. S. VORBECK

Ceremony Solemnized Saturday Night at Home of Bride's Sister in Franklin

Rev. E. S. Vorbeck of Mechanicsburg and Miss Mary Frances Wright of Franklin were united in marriage at the home of the bride's sister Mrs. Fred Burch in Franklin Saturday evening.

The veremony was said as the couple stood before a bank of roses and sweet peas by the Rev. J. N Jerman, pastor of Franklin M. E. church, the beautiful ring ceremony being used. Only immediate relatives and friends witnessed the vows.

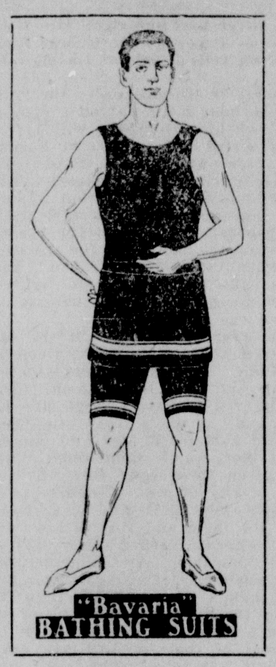

The bride is the daughter of the late Mr. and Mrs. James B. Wright and was born and reared in Franklin. She graduated from the Jacksonville high school in the class of 1905 and afterward attended Illinois State Normal at Normal. She then taught school with great success for several years. She is a member of Franklin M. E. church and has been active in church work. Her charm of person and manner had won for her many friends.

The groom is a graduate of the M. and M. college at Indiana, Oklahoma. After graduation he entered the ministry. He filled a charge at Georgetown, Ind., for 5 years, was at Potomac, Ill., for three years and then was in charge at Franklin for two years where he met his bride. He went from Franklin to Mechanicsburg where he now has a charge. The couple left for Chicago and other northern points for a brief wedding journey after which they will be at home in Mechanicsburg after August 1.

The Burch home was tastefully decorated for the occasion the color scheme of pink and white being carried out. The bride was attired in a grey silk traveling suit and carried a boquet of pink roses.

In arranging your summer flowers artistically, a Vase Craft Bowl is more than a help, it's a necessity. Try one.

EXCEPTIONAL MUSICAL CHAUTAUQUA PROGRAM

Management by Early Action Secured Best Obtainable—List of Attractions Shows Wide Variety.

The program of music for the coming assembly is exceptional both in quality and variety. The management bought early and were thus enabled to secure the best obtainable and it feels that the music alone is worth the price of admission.

The Kilties Band.

This famous band of Canada, the greatest Scottish band, has toured the world and appeared in the largest auditoriums in all the great centers and played to standing room only. In their concerts they introduce bagpipes and all the Scotch dances and the old-time Scotch songs that every one loves. They appear in full kilted regimentals and make a striking appearance.

Waikiki Hawaiian Singers and Players.

Hawaiian music has deservedly become very popular. The most fascinating music, it haunts one and is never forgotten. This music is different. The Waikiki quintet of natives singers and players renders all the native songs accompanied by native instruments with the peculiar sliding of the fingers on the strings. The company appears in native dress. Their program includes many popular airs of America and a number of wonderful instrumentl and vocal solos.

The L. A. C. Orchestra.

The seven charming ladies and talented musicians of this orchestra were here with Bryan in the "Big Rain." In securing them again the management gives a real opportunity to enjoy much of the world's best music. Each member of the orchestra is a recognized artist. The programs include mixed quartets, and vocal and instrumental solos. The enthusiasm of their audiences testify to the delight with which these artists are received and the real pleasure which they take in their work adds the more to the pleasure of others in hearing them.

The Dixie Jubilee Concert Company.

Everyone loves the comic, classic and sentimental songs of the old Southland especially when rendered by such a company as the Dixies. These seven classy colored musicians including W. C. Buckner and his wife, Honey Moore and Hilliard Bird draw their programs from a fine repertoire, rich in harmony and varied in selection. They will render Jubilees, Plantation songs, Negro melodies, Camp Meetin' songs, Comics and Lullabies in choruses, quarrets, trios, duos and solos.

Yeck's Concert Band.

This band made up of twenty-five accomplished musicians will render well selected programs, including solos, with sufficient variety to please all. Their programs will close with the moving picture film "The Soldier's Dream" accompanied by the full band. The music for this film was arranged by the leader of this band and the film was made by one of the best known movie companies. Its presentation by one of our country's greatest bands always brings a repeated request. This feature has been secured by a special arrangement as a patriotic finale for the evening programs of this fine band.

The Boston Symphony Sextette.

This sextette from the world's greatest orchestra under the leadership of Max Kunze, Bass, includes Herman Goldstein, Placido Fiumara, violins, Walter Blumenau, viola, Ludwig Nast, 'cello and Gustav Battles, flute. It is the first time that a company of active members of the Boston Symphony has been on the Chautauqua circuit. Their programs are distinctive and unusual. Their's is not only orchestral music—it is far more—it is the artistry of mature men who are at the head of their class, applied to ensemble music written for their instrumentation. To hear them is to enjoy a feast of revealed musical art.

The Oxford Company.

This permanent company has long been famous for its excellent programs. The artists composing it are professional singers and entertainers, tried and good, each capable of giving a full recital alone and the combination is most ideal. They sing only as artists who have been together for years can sing. Their programs include quartettes from light and grand opera, solos, readings, crayon talks—everything in keeping with the highest aims of the Chautauqua. The company will appear in concert in the afternoon and will sing the comic opera "Arms and the Man" in the evening.

NOTICE TO CONTRACTORS

Sealed bids will be received by the Board of Education of Jacksonville, Illinois, until the hour of 12 o'clock (noon), July 16, 1917, for the painting of the metal and tin work on and about the high school building. The board reserves the right to reject any or all bids. Specifications may be obtained from T. V. Hopper. Bids to be sent to the secretary of the board, Mrs. J. K. C. Pierson.

SANG FOR SOLDIERS

Mrs. Genevieve Clark Wilson of Illinois Conservatory faculty, recently gave a recital at the army and navy Y. M. C. A. quarters at Ft. Sheridan. Mrs. Wilson was assisted by Miss Ruth Duncan. At the close of the program, which was heard by a large audience of the men in training, the men is charge of the post expressed their warm appreciation of the kindness of Mrs. Wilson and Miss Duncan.

WARRANT ISSUED.

As the result of a fistic encounter Jacob L. Strawn yesterday swore out a warrant against George Birdsell, charging assault and battery. Birdsell is a member of the militia and yesterday evening had not been apprehended.

Bathing Suits

If you have been out to the park lately you no doubt have noticed some very fine bathing suits worn.

They came from this store as we have the (rite style) bathing suits, the finest ever shown in Jacksonville. Priced from

WOMEN AIRPLANE MAKERS

The War Calls Thousands of Women for Work in Airplane Factories—Excel Men in New Field.

The war has opened up a new field for women, in some departments of which their work is so superior to men's that they will soon have a monopoly. Women have been found to excel in making the wings and wing surfaces of airplanes and with this country pledged to build immense fleets of aircraft, their work will be vitally important in winning the war. At the Plainfield, N. J., plant of the Standard Aero Corporation, which obtained the first large war order of airplanes for the Government, more than 60 per cent of the employes making wings are women. Harry Bowers Mingle president told yesterday why his company prefered women for this work.

"Preparing the linen wing surfaces and making the wings," he said, "is light work requiring deft fingers and close application. It is ideal work for women—the very characteristics of their sex make them superior to men.

"Before undertaking the manufacture of airplanes in large quantities such as the Government demands, we thoroly investigated the question of labor. We found that women were extensively used in England and in France in making wings and that they had proved to be better at this work than men. We soon satisfied ourselves that this was the correct practice and started to employ women for the same class of work. In a very short time we found that the women were better workmen than the men and will soon be employing 500 of them at our Plainsfield plant alone. We found the women to be painstaking and fast in their work and in addition, they are precise, which means much when you are doing the highest grade work.

"Soon we will be employing women in other departments. Our superintendent wants to have at least 35 per cent of the machine shop work done by women and will put that many at work as soon as the shops are enlarged. With their light touch and careful manipulation of sensitive machines women are admirably adapted to much of the light machine work done on airplanes and it is probable that we will have thousands working on our airplanes before many months. Of course, we have made special accommodations for the women but this slight cost is forgotten in the davantage of employing them.'

Airplane manufacturers all over the country are employing women and the thousands of airplanes that will carry the Stars and Stripes over the battlefields of Europe, will represent the work of the women of this country.

Scott Green of east of the city drove to Jacksonville yesterday in his Chalmers car.

July Sale Prices on Odd Pieces

We have a number of Odd Pieces, new bright goods, that we are offering this week at prices of—

1-3 Off

This offer includes BEDS, SPRINGS, DRESSERS, CHAIRS, DINING TABLES and a variety of other articles.

Being as a rule only one article of a kind does not permit description, but you may find a real bargain in just the article you want.

SOX BUNCH HITS AND DOWN YANKEES

MAKE IT THREE OUT OF FOUR FROM NEW YORK

Russell Pitches His Best Ball in the Pinches—Boston Gets an Even Break in the Series With Detroit —May Holds Detroit to Four Hits

Chicago, July 14.—Chicago made it three out of four from New York today by bunching hits behind erratic fielding and won 4 to 1. Russell pitched his best ball in the pinches and the visitors were saved from a shut out thru some erratic fielding by J. Collins and Weaver. The fielding of Gandil saved Russell on several occasions. The score:

Boston 4; Detroit 1

Detroit, July 14.—Boston got an even break in the series with Detroit by winning today's game 4 to 1. Mays held Detroit to four hits. Boston won the game in the fifth inning, when a triple and two singles, a hit batsman and a wild pitch scored three runs. Gardner had a perfect day at bat, drove in three of Boston's runs and scored the other one. The score:

OUIMET WINS WESTERN AMATEUR GOLF TITLE

CHICAGO, July 14.—Francis Ouimet of Boston, former National and open golf champion, today won the Western Amateur championsip by defeating Kenneth P. Edwards of Chicago 1 up in 36 holes at Midlothian after two rather bizarre rounds in which erratic golf was interspersed with brilliant plays, and thrilling approaches alternated with miserable putts.

Both players shared in the changeable golf and their medal scores were:

Ouimet—37, 41, 39, 40—157.
Edwards—41, 38, 39, 39—157.

OLD ROSEBUD WINS RACE.

Windsor, July 14.—Old Rosebud, splendidly driven by George Molesworth, won the 1 1-8 mile Frontier Handicap for three year olds here this afternoon. Boots, the favorite, after running sixth most of the distance finished second—a length and a half behind the winner. Hodge was third. The time was 1:54 1-5. The net of the winner's purse was $10,000.

BASEBALL GOSSIP.

Friday the 13th is no date to try a pastimer on any kind of old charges. If McGraw can win on that date he should be elected president of the league.

Joey Connolly has blossomed out into a baseball magnate. The former Brave is the high "Yes sir" of the Attleboro, Mass., team.

Second Baseman Cooney of the Omaha team made the first triple play unassisted ever recorded in the Western league, in a recent game against Denver.

As was the case last year a Yankee pitcher is showing the way among American league twirlers. Last season it was Cullop and now Love is the pacemaker.

Catcher Tragesser of the Braves has had to give a continuous performance in backstopping since Hank Gowdy joined the colors.

Since the opening of the season Manager Pat Moran, Eddie Stock, Bobby Byrne and Eddie Burns of the Phils have been told they were the fathers of new and husky future pastimers. Philadelphia is certainly some neighborhood.

Managers Fohl of the Indians and Jones of the Browns hold all records for jamming extra men into a game. The first sign of slipping on the part of their respective teams is the cue for Messrs. Fohl and Jones to call out every hired man on the lot.

No Brooklyn or Pittsburgh players is found in the list of thirty-five National league pastimers banished by the umpires this season. On the other hand the Giants, leading the league, have had eight men chased by the umpires. What's the answer?

Looks as if Beals Becker, the old Giant-Philly gardener, was dropped from the fast set too early in life. For two years now Beals has been killing American association pitching while pastiming with Kansas City.

Eddie Cicotte, the White Sox hurler, is the only American League veteran pitcher standing up under the strain this season. He is twirling his eleventh season in the big show and looks good for several more years of major league pastiming.

After refusing to go to the Toledo team, Olaf Henriksen was given his unconditional release by President Frazee of the Red Sox.

It's a fine thing for "Dutch" Leonard that the Red Sox pay for pitching and not for batting.

The veteran Clyde Milan is the only Senator batting in the .300 set. Base stealing used to be Milan's strong suit, but stick work has his attention at present.

Wally Schang of the Athletics hits the ball a terrific blow, but hits in hard luck. If the Mackman's catch could hit 'em "where they ain't" he would be a wonder with the stick.

Outside of being the leading batsman, leading run-getter and leading base-stealer in the American league, Ty Cobb isn't doing much this season. It was predicted early in the year that he was going back—and he went back to "leading" again.

BALTIMOREANS WED IN MAINE.

North Haven, Me. July 14—Many guests of prominence came to North Haven today for the wedding of Miss Helen Clark, daughter of Mr. and Mrs. William Bullock Clark of Baltimore, and Captain H. Findlay French, also of Baltimore. The ceremony was performed at the Clark summer home by Rev. George Alexander Strong, until recently rector of Christ Church, New York city, who is an uncle of the bride.

Captain French is a reserve officer in the Quartermaster's Department of the army and recently has been detailed to the Medical Officers Training Camp at Fort Oglethorpe, Ga., where he will take his bride.

CHICAGO WINS FIRST GAME FROM PHILLIES

DARKNESS ENDS SECOND WITH SCORE TIED

Cubs Hit Oeschger's Delivery Hard in Early Innings of First Game—Brooklyn Makes it Four Out of Five From Pittsburgh

Philadelphia, July 14—Chicago won the first game here today by three to two and the second was called at the end of the ninth inning, owing to darkness, with the score tied at three runs for each team. The visitors won the first game by hitting Oeschger's delivery hard in the early innings while Hendrix pitched well and was given excellent support. The home team tied the score in the eighth inning of the second game when Bancroft tripled and Cravath singled. Splendid fielding by Chicago's infield saved Carter in two innings.

Brooklyn 5-1; Pittsburgh 3-0

Brooklyn, July 12—Brooklyn made it four out of five with Pittsburgh today by winning both games of the double header 5 to 3 and 1 to 0. The Pirates outbatted the Dodgers in the first but lost by bad fielding. The second game was a pitchers' battle between Marquard and Miller, the Brooklyn pitcher allowing only two hits, both of which were made by the Pittsburgh twirler.

MARSHALLTOWN WINS PENNANT IN CENTRAL

CEDAR RAPIDS, Iowa, July 14.—Marshalltown won the pennant in the first half of the Central Association's split flag race that closed today. The winners, managed by the veteran, Frank Boyle, the oldest pilot in the league, finished with a percentage of .644, six games ahead of Waterloo, the second place club, Clinton, Mason City, Fort Dodge, Charles City and Cedar Rapids finished in the order named. Lacrosse, the only Wisconsin city represented in the other Wisconsin, Iowa circuit, wound up in the cellar.

The second half of the season opens tomorrow and will end August 25.

IRA VAIL WINS DERBY.

Speedway, Fort Snelling, Minn., July 14.—Ira Vail, driving an American made car won the 100 mile derby, the feature event of the Red Cross races here today, covering the distance in 1:02:19. Dave Lewis, Earl Cooper and Roscoe Sarles finished in the order named.

RAIN HALTS RACE.

Indianapolis, Ind., July 14.—The Barney Oldfield-Ralph DePalma automobile race, which was to have been held over the one mile dirt track of the state fair grounds here this afternoon was postponed until next Tuesday on account of rain.

RECALL "MACK" WHEAT.

New York, July 14.—"Mack" Wheat, brother of "Zach" Wheat, of the Brooklyn National League club, was recalled today by the Brooklyn team from the Binghampton club of the New York State League.

Frank Anderson of Chapin was a visitor in the city yesterday.

MR. AUTO OWNER!
Why throw your old auto tires away when they are good for 2500 to 6500 more miles.
My method of taking two old tires and making one good one is saving thousands of auto owners from 50 to 75 per cent on their bills.
Send me two old tires and I will make one good tire that you can get from 2500 to 6500 more miles out of. In sending me tires be sure one has a good rim no matter how bad the tread is worn. For the other one that has a good tread no matter what condition rim is in.
If You Haven't a Tire with a Good Tread I Can Furnish You One
PRICES FOR DOUBLE TREADING

SIZE	When you furnish both tires	When You Furnish one tire	SIZE	When you furnish both tires	When You Furnish one tire
30 x 3	$2.25	$4.00	35 x 4	$3.25	$6.25
30 x 3½	2.50	4.25	36 x 4	3.50	6.50
31 x 3½	2.50	4.50	34 x 4½	3.50	6.50
32 x 3½	2.75	4.75	35 x 4½	3.75	7.00
34 x 3½	3.00	5.25	36 x 4½	3.75	7.00
32 x 4	3.00	5.50	37 x x4½	4.00	7.50
33 x 4	3.00	5.50	37 x 5	4.00	8.09
34 x 4	3.25	6.00			

Where a tire is blown out an additional charge of 50 cents is made. Patches necessary in a tire, an added charge of 35 cents for each 10 inch patch.
Tires sent to me should be prepaid as I pay no transportation charges either way.

Have Your Hogs Vaccinated by a Concern that Guarantees Results

You can now absolutely insure your hog profits. We will vaccinate your hogs and pay cash for any you lose from cholera in the six months following treatment, in excess of a certain small percentage.

The charge for treatment and insurance is only 2½c. per c. c. plus traveling expenses of our representative from White Hall to your place and return.

If a couple of your neighbors can vaccinate at same time, the share of traveling expense that each will have to pay will be very small.

Write now for sample contract. Mention this paper.

TERRIBLY SICK WOMAN

Surgical Operation Thought Necessary, but Lydia E. Pinkham's Vegetable Compound Saved Her.

Madison, Wis.—"I was a terribly sick woman for over three years. I suffered with terrible pains in my back and was about to have an operation when a friend said to me, 'Before having that operation just try Lydia E. Pinkham's Vegetable Compound.' So I let the operation wait, and my husband bought me the Vegetable Compound and it has made me a well woman and we have a lovely baby girl. We cannot praise Lydia E. Pinkham's Vegetable Compound enough, and I hope this letter will lead other suffering women to try it."—Mrs. BENJAMIN F. BLAKE, R.F.D. No. 5, Box 22, Madison, Wis.

There must be more than a hundred thousand women in this country who, like Mrs. Blake, have proven what wonders Lydia E. Pinkham's Vegetable Compound can do for weak and ailing women. Try it and see for yourself.

All women are invited to write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

DESCRIBES WORK AMONG ARMENIAN REFUGEES

British Official Eye-Wtiness With Army in Mesopotamia Tells of Relief Methods Employed—People are Gathered in Hostels Financed by British Government

Bagdad July — (Correspondence) "One of the best things that is being done in Bagdad just now is the relief of Armenian women and children who have survived the massacres and are now living in Mussulman families," writes the British official eye-witness with army in Mesopotamia. "They are being gathered into hostels financed by the British government and their own people are looking after them.

"A visit to one of these institutions and a talk with the refugees there furnishes a convincing arraignment against the Turkish government. The inmates are all young, many of marriageable age, and a great many children under six have already forgotten their language and their faith.

"There is a girl of ten from a village near Erzerum. She and her family started on donkeys with a few of their belongings, but in three days the Kurds had left them nothing and they had to walk. The Turks had issued a proclamation in all the villages that the Armenians were to be sent away to a colony that was being prepared for them and that their property was to be kept "under the care of the government" during the war and then restored. This was more than a year ago.

Assurance Was Visionary

"The gendarmes were very pleasant to them in their homes, and told them that they would be given new land to cultivate and that their journey would not be long. The first assurance, as they guessed, was visionary. In the second, the gendarmes did not lie. For many of them it was all over on the third day. Two or three hundred of the men were separated from the women and killed, shot or cut down with the sword.

"The same thing happened nearly every day. The guards were very haphazard; there was no system. Some of the women were pushed into the river; others thrust over precipes. Twelve hundred left the two villages near Erzerum; four hundred only reached Ras-el-Ain. The survivors were all women and children, there was not a man among them nor a male child over nine years old.

"A man in a nearby hostel was the sole survivor of a group of refugees who disappeared between Ras-el-Ain and Nisibin. They were taken into the desert and formed up in line, as in a Chinese execution, to be dispatched by the sword. There was a shortage of ammunition and the sword was employed for reasons of economy. While waiting for his turn, it occurred to the Armenian that a bullet would be an easier death, so he broke from the line. In the confusion the gendarmes missed him; he hid in the brush, escaped and made his way to Bagdad.

Main Features the Same

"The main features of all the massacres were much the same. The emigrants, if they were not killed on the road, were taken to some depot where they were kept a few days. Here they found a large camp where quickly the rationing became a difficult question. Then "notice" came from "Constantinople" that refugees of a certain district had been alloted land for cultivation, and they were started on a fresh journey. This, they knew, was probably a death sentence, but they nourished a thin hope.

"For the first half-day they were generally safe, as murder on a large scale is deprecated near a town. Nobody, for example, saw anyone killed in Trebizond, but a few days after the Armenians had left the city their bodies came floating down the river. The desert is a non-conductor. What is done there leaves only a vague rumor.

"The refugees, altho unarmed, sometimes turned on the guards. More than once they made the assassins pay dearly. There is a woman in a Bagdad hostel who was one of a brave band of two or three hundred Armenian women who held a pass near Urfa. Their men-folk had all been treacherously killed off earlier, and they knew that obedience to the proclamation of exile was as fatal as resistance.

They held the pass with their rifles for nearly a week, and the Turks had to bring up artillery to break their resistance. Some fifty of them escaped. The woman who is now in Bagdad was rescued by a Turk of the better school, who treated her as his own daughter.

Women and Men Met Same Fate.

"Few Armenian women were so fortunate. Many were killed with as little scruple as the men. Plainness and good looks were fatal in different ways. The old and ugly died by violence or were starved; the young and handsome were taken into the households of the Turks. A traveller now in Bagdad was given a letter by an official at Ras-el-Ain to deliver to the gendarme in charge of the road. "Choose a pretty one for me," he wrote, " and leave her in the village outside the town."

"At Aleppo and Ras-el-Ain, German officers stalked side by side with these spectres of famine and murder and death, and not a finger was raised or a word said.

"It is impolite to interfere, is the German watchword.

"The German apathy, or sympathy we can understand. The difficult thing is to reconcile the atrocities with what we have seen of the Turk as a fighter. There are very few British officers who will not bear witness that, winning or losing, he has fought cleanly on the whole. This Jekyll and Hyde quality in the nature of the Turk is a perpetual riddle.

"The Armenian refugees who reached Bagdad during the Turkish occupation were often well treated. There were small children, of four and five years who were adopted into Turkish families. Kindly Turks had picked them up, as one might a small puppy or a kitten, and taken them in. After a year or so in their new environment they have forgotten their own language. This is the Ottoman nature all over. The massacres are an unpleasant business. The less civilized elements of a heterogeneous army are turned onto the dirty work, and the better-class Turk shuts his eyes to it as much as possible. Armenians within his house hold are often treated well. An Armenian mistress enjoys the privileges of the home. A servant is well cared for; children, when adopted, are treated kindly. It is good work for Allah to take an infant and make a good Moslem of it."

TO PROHIBIT SENDING OF CHECKS.

Petrograd, July — The Provisional Government has decided to prohibit provisionally the despatch of checks abroad, also the payments in rouble currency into the current accounts of Russian institutions abroad

At the same time, the Minister of Finance has been authorized to set up a special department to deal with foreign securities. Transactions involving foreign securities can henceforth only be carried out thru the intermediary of certain recognized credit institutions of which a list is drawn up by the Minister of Finance.

Breaches of this law are subject to various penalties ranging from fines to terms of imprisonment up to five years.

BANK OF ENGLAND TO REVISE CHARTER

London, July — The charter of the Bank of England needs bringing up to date, in the opinion of the Financial section of the London Chamber of Commerce. A resolution was moved by one of the members that a committee be appointed to examine the charter of the Bank, its constitution and functions, with a view to petitioning Parliament to adopt means by which this private institution may promote the expansion of British commerce and industry.

It was decided that a special meeting be called to consider changes in the charter.

SPANISH WAR VETERANS OF WISCONSIN.

La Crosse, Wis., July 14—Altho the annual encampment of the United Spanish War Veterans, department of Wisconsin, does not have its formal opening until tomorrow, the van guard of the delegates and visitors arrived today, and from present indications the attendance will be unusually large. In honor of the occasion business streets of La Crosse are profusely decorated with flags and patriotic emblems. Problems concerning preparations for war and the welfare of soldiers sent to France will be considered at the business sessions of the encampment.

William Arnold of Arnold station was a visitor in the city Saturday.

JEFFORD'S FUNERAL HELD AT BLUFFS

Remains of Former Resident Killed at Illiopolis Buried at Old Home —Scott County News Notes.

Bluffs, July 14.—The funeral of Alva Jeffords age 60 years, prominent farmer near Illiopolis, who was struck by a local freight train and died one hour later was held at the Illiopolis Christian church Saturday afternoon. Mr. Jeffords was a former resident of this vicinity and grew to manhood here. He will be remembered by the older citizens. He was a graduate of the Jacksonville school for the deaf and also a graduate of the Wshington, D. C., University for the Deaf.

Tommy Scallan of Springfield is spending the week at the Otto Bossee home.

Mrs. J. C. Lewis and granddaughter, Miss Dorothy Griswold and Miss Helen Oakes will leave today (Sunday) for a ten days' visit in Denver, Colo.

Mrs. Uriah Sellars and son Emmett of Harvey are visiting friends and relatives here.

Miss Lula Thomas left for a weeks visit with friends in Mt. Sterling.

Mrs. Freda Lorschreider and children of Springfield are visiting her parents, Mr. and Mrs. Ed Ranft and family.

Miss Viola Lankford is visiting relatives in Jacksonville.

Mrs. Ed Monday is visiting her son, Albert and family in Canton.

Mrs. Ralph Holliday spent Sunday with friends in town.

Misses Lillian Summers, Ruth Carpenter, Helen Rockwood, Mr. and Mrs. Herman Vannier and Mrs. R. H. Stone were received into the Rebekah lodge at the last regular meeting.

WALK-OVER SPECIAL
Choice of Walk-Over Low Shoes Monday for $5.00. Five to seven dollar values.
HOPPER'S

FARM NOTES

DISKING AFTER THE BINDER.

The following articles taken from the current issue of Farm Implement News, will interest farmers:

"One way in which the implement dealer can render assistance in the movement for maximum crop production is to urge his farmer customers to disk their stubble fields immediately after harvest. This practice conserves the moisture already in the soil and puts the latter in condition to hold additional moisture. Disking forms a dust mulch which not only holds the moisture present, but catches the sudden heavy rains which would run off of the hard, unbroken surface. This work should be done immediately after the grain has been cut. If it is necessary to leave the shocks in the field for a few days they should be placed in straight rows to allow disking between.

"The effect on fall plowing operations was recently described by an agricultural expert as follows: 'The disk loosens the surface soil and makes it possible to do a good job of fall plowing, where as if it had not been disked it could not be plowed without throwing up large clods. This is a point not appreciated by many farmers. They throw up large clods and then try to break them with a drag, harrow or roller. It is esier to break up these clods with a disk while they are held rigidly in the ground. When the ground is plowed following the disk there is sufficient moisture in the lower portion of these otherwise clods to enable the plow to pulverize them and the ground is turned apparently mellow.'

"Expert experiments in the growing of winter wheat show beyond question that early preparation of the seed bed increases the yield. When the soil is disked after the binder, fall plowing may be done at any time thereafter. Otherwise the conditions may be such that plowing must be deferred until late in the season, especially when the farmer is short of power.

" 'Disk after the binder' is a cry in which all farm experts are joining. The progressive implement dealer will overlook no opportunity to spread the same gospel.

Higher Prices

Additional advances have been made or will be made in prices of agricultural implements sold for use during the coming fall and spring. If the manufacturers had followed the usual trade custom of pricing their goods on the basis of the cost to replace, prices would have been higher than they were on goods sold for use last spring. It appears that they adopted the plan of the binder twine makers who use the average fiber cost as the basis of price, a plan which explains why twine was sold in April and part of May at less than the current price of sisal fiber.

The explanation as given by one of the leading manufacturers is that all of the material bought at lower prices than are now obtained has been exhausted. So long as any of this material was on hand the cost of it made the average lower than the latest quotations. As this stock has been consumed, the basis of price necessarily has been advanced. It is now equal to the current quotations for material. That the new prices will be held firmly throughout the season even though the war should end within a short time, is the opinion of the same manufacturer, expressed in a most emphatic manner.

FUNERAL NOTICE

A brief funeral service for J. G. Fox will be held at the residence, 225 Caldwell street, this morning at 9 o'clock and the trip to Garner Chapel, near Virginia, will be made by automobile. In case of rain the service at the house will be held at 7 o'clock, that the trip may be made by train.

Mr. and Mrs. Warren have returned to Highland Park after a stay of several weeks in the city during which time Mr. Warren had supervision of the construction of the Alexander flats for R. L. Gonsalves.

FORMER MANCHESTER BOY MARRIED IN MINNESOTA

Frank Barnes Weds Miss Myrtle Penticoff—Manchester News Notes

Manchester, July 14.—Word has been received here of the marriage of Frank Barnes and Miss Myrtle Penticoff of Fergus Falls, Minn. Frank is the son of Mr. and Mrs. A. C. Barnes of this place, and spent his entire life here with the exception of the past few years. He is a graduate of the Wesleyan law school of Bloomington and two years ago went to Fergus Falls, where he entered the practice of law. He has a permanent office there where he and his bride will reside. He will receive the congratulations of a large host of friends.

Mrs. C. D. Chapman entertained at her home Friday afternoon in honor of her guest, Mrs. Irene Smith of Palmyra. The afternoon was spent socially after which refreshments were served. Those present were: Mesdames Smith, McConnell, Curtis, Rousey, Funk, McMahon, Hess, Akers, Heaton, Van Tuyle, Chapman and Misses Pearl Rousey and Carrie Curtis.

Misses Florence Lemon and Ruth Rimbey spent Friday in Jacksonville.

Mrs. Thomas Henry of Glasgow is visiting her daughter, Mrs. Chas. Woodall and family.

Mrs. Hannah Chapman returned to her home Friday from Our Savior's hospital, Jacksonville, where she has been a patient for the past two weeks. Her condition is improving satisfactorily.

Rev. and Mrs. Mark White returned to their home Saturday after a visit with relatives in Quincy.

F. S. Pearce of Ashland spent Saturday with his parents, Mr. and Mrs. W. C. Pearce.

AVIATOR PRINCE TAKES BRIDE.

Washington, D. C. July 14— In the presence of a notable assemblage of guests that filled fashionable St. John's Episcopal Church at noon today Miss Elizabeth Harding, daughter of W. P. G. Harding, governor of the Federal Reserve Board, became the bride of Frederick H. Prince, Jr., who has attained fame as a member of the American Lafayette escadrille of the French flying corps. Many persons prominent in official life in Washington attended the weding, together with guests from New York, Boston and other cities. The bride was attended by Miss Elise Hasbrouck of New York. Sydney Fish of Boston served as Mr. Prince's best man.

Mr. Prince is a son of Mr. and Mrs. Frederick H. Prince of Boston and a brother of Norman Prince, who was killed in action in France, as a member of the aviation corps, and who was signally honored for his exceptional service.

Like her husbanud, the bride today has been actively interested in war service and preparedness. She served as telegraph operator in the women's training camp at Chevy Chase last year. It is expected she will accompany her husband on his return to France.

LADIES' CATHOLIC BENEVOLENT ASSOCIATION

Atlantic City, N. J. July 14—This resort is filling today with the advance guard of an army of a thousand or more delegates and visitors who are to attend the quadrenial convention of the Ladies' Catholic Benevolent Association, the largest fraternal organization of Catholic women in America. The sessions will begin Monday and continue thru the week. A proposed readjustment in the insurance rates of the order will be the principal item of business.

PROVED THE SOLE MEANS OF RELIEF

Sinclair Woman Says Tanlac Alone Gave Her Long Needed Aid

"I've tried a lot of different medicines but Tanlac has been the only one that ever gave me the relief I needed", Mrs. Martha J. Fox, well known woman residing at Sinclair, Ill., near here, told the Tanlac Man on June 29.

"Stomach trouble had caused me no end of trouble and worry for the past three years", Mrs. Fox continued. "I continually suffered from severe drawing pains in my stomach.

"After I learned of how my friends were benefited by Tanlac I, at once, decided to give the new medicine a trial. Well sir, it's pretty hard to believe, but two bottles of Tanlac seem to have completely relieved me of my troubles. My stomach never bothers me anymore. I'm glad to tell everyone of the relief Tanlac gave me and I hope they will try the new medicine and be benefited as I was."

Tanlac is now being introduced in Jacksonville at the Coover-Shreve Drug Co., East Side store, where a special Tanlac representative is explaining the new medicine to the public daily. Tanlac also may be obtained at the West Side store of the Coover-Shreve Co. It is sold in Waverly at the Wyle Drug Co.; in New Berlin at the New Berlin Drug Co.; in Ashland at H. O. Brownback's; in Versailles at A. G. Bates'; in Chapin at F. P. McKinney's; in Roodhouse at W. D. Berry's; in White Hall at the City Drug store; in Bluffs at F. T. Curtis', and in Pittsfield at J. H. Barber & Co; in Loami at L. N. VanDeren's; in Divernon at E. G. Haug's; in Manchester at C. D. Chapman's and in Winchester at the City drug store.—Adv.

Our First Factory

Our First Purchase

Our Factory Complete—New Property Purchased

THE first factory of the Pan-American automobile plant is complete---ready for work. Beside this, we were compelled to buy out the property of the Decatur Fountain Co. instead of waiting to *erect* the next building. The reason: So many orders coming in every day that we had to have at least *two* factories to take care of them. This new building will be devoted to the making of Pan-American automobile bodies. America's business men have made this growth possible by investing their money in Pan-American stock. And America's business men are with us *every day*--each mail brings us more stock subscriptions. *Solid, shrewd, wise* investors see in the Pan-American a car representing a *new idea*, a *money-making* idea. They see the same possibilities *here* and *now* in Pan-American that other men--men who are rich today---saw 11 years ago in the Ford. These factories are only the beginning of a *long line* of buildings which we will start erecting *immediately*. Pan-American stock is still on sale.

Buy Before Stock Rises Further

We knew right from the start that the Pan-American idea was a **big** idea. But we were not sure we could convince others — until we tried it. The result was surprising. Conservative **farmers** and **business men;** wise, far-sighted **financiers;** experienced, reputable **automobile experts** came to us, offering **money** and **services.** If you will mail the coupon below we will send you the names of these men and what they think about the Pan-American automobile. We will also send you other interesting and valuable information—information which will mean **profits** to you.

Until our first factory was complete, stock sold at $10 a share (in minimum blocks of 10 shares.) We predicted a 25% rise as soon as the factory was up. The response to our advertisements is so large that it is with difficulty that we can keep the price down to $10.00 a share right now . We feel sale in predicting a **200 per cent rise** by the end of 1918. This is not "blue sky" talk; it is knowledge based on a thoroughly business-like investigation of conditions. Buy your stock **now** if you want to get in **right.**

PROFITS

Pan-American Is Getting Stronger Every Day

The growth of Pan-American has already **begun**—it is a growth of weeks and months—not years. We are beginning soundly, strongly and rapidly. We are moving ahead every day and we are building with the basis of experience. We have worked day and night with the Pan-American. We spent a long, long time thinking, investigating, planning, organizing. When we were **absolutely sure,** we went ahead. Our first factory is up, another one is bought, thousands of shares are being purchased, we have already a 2,000 foot frontage on the Illinois Central tracks–**Pan-American is on its way!** We have behind us the confidence and enthusiasm of the **wisest heads** and the **most careful pocket-books** in Motordom. Your opportunity is **here—this minute.** Don't let it slip by!

CLIP THE COUPON TODAY

Don't wait until tomorrow to find out what a big, wonderful thing Pan-American is. Do it today—**NOW.** Fill out the coupon and mail it for the hard facts about this car of the big idea. Shares are $10.00 today, but we cannot promise to hold the price down for any length of time. If you want a safe investment, an investment that will assure you healthy dividends, an investment which will bring you big returns in a short time—clip this coupon and mail it at once.

EDUCATION AND THE WAR

"It is of the utmost importance that there shall be no lowering in the efficiency of our systems of education," says Dr. P. P. Claxton, United States Commissioner of Education, discussing education and the war.

"Schools and other agencies of education must be maintained at whatever necessary cost and against all hurtful interference with their regular work except as may be necessary for the national defense, which is of course our immediate task and must be kept constantly in mind and have right of way everywhere and at all times. From the beginning of our participation in the war we should avoid the mistakes which some other countries have made to their hurt and which they are now trying to correct.

"If the war should be long and severe, there will be great need in its later days for many young men and women of scientific knowledge, training, and skill; and it may then be much more difficult than it is now to support our schools, to spare our children and youth from other service and to permit them to attend school. Therefore no school should close its doors now or shorten its term unnecessarily. All young men and women in college should remain and use their time to the very best advantage, except such as may find it necessary to leave for immediate profitable employment in some productive occupation or for the acceptance of some position in some branch of the military service, which position can not be so well filled by anyone else. All children in the elementary schools and as nearly as possible all high school pupils should remain in school through the entire session.

"When the war is over, whether within a few months or after many years, there will be such demands upon this country for men and women of scientific knowledge, technical skill, and general culture as have never before come to any country. The world must be rebuilt. This country must play a far more important part than it has in the past in agriculture, manufacturing and commerce, and also in the things of cultural life—art, literature, music, scientific discovery.

"Russia and China are awakening to new life and are on the eve of great industrial development. They will ask of us steel, engines, and cars for railroads, agricultural implements, and machinery for industrial plants. They will also ask for men to install these and to direct much of their development in every line. England, France, Italy, and the central empires have thrown into battle a very large per cent of their educated and trained men, including most of the young professors and instructors in their universities, colleges, gymnasiums, lycees and public schools. Their colleges and universities are almost empty. The young men who would under normal conditions be receiving the education and training necessary to prepare them for leadership in the future development of these countries are fighting and dying in the trenches. All these countries must needs go through a long period of reconstruction, industrially and in many other respects. Our own trained men and women should be able and ready to render every possible assistance. It should be remembered that the number of students in our universities, colleges, normal schools, and technical schools is very small as compared with the total number of persons of producing age—little more than one-half of 1 per cent. The majority of these students are young men and women who are becoming more mature and fit for service. The older of the 60,000,000 men and women of producing age are growing more unfit and are passing beyond the age of service. It should also be remembered that the more mature the young men who volunteer for service in the army the more valuable their services will be.

"Therefore a right conception of patriotism should induce all students who can not render some immediate service of great value to remain in college, concentrate their energies on their college work, and thus be all the more ready and fit when their services may be needed either for war or for the important work of reconstruction and development in our own and other countries when the war shall have ended.

"All schools of whatever grade should remain open with their full quota of officers and teachers. The salaries of teachers should not be lowered in this time of unusual high cost of living. When possible, salaries should be increased in proportion to the services rendered. Since the people will be taxed heavily by the federal goverament for the payment of the expenses of the war, teachers should be willing to continue to do their work, and do it as well as they can, as a patriotic service even if their salaries cannot now be increased. All equipment necessary for the best use of the time of teachers and students should be provided as should all necessary increase of room, but costly building should not be undertaken now while the prices of building material are excessively high and while there are urgent and unified demands for labor in industries pertaining directly and immediately to the national defense. Schools should be continued in full efficiency, but in most instances costly building may well be postponed.

"During school hours and out of school, on mornings, afternoons, Saturdays, and during vacation all older children and youth should be encouraged and directed to do as much useful productive work as they can without interfering with their more important school duties. This productive work should be so directed as to give it the highest possible value, both economically and educationally. For children and youth in schools of all grades there will be need of more effective moral training, and provision should be made for this. While the war for the safety of Democracy is in progress and when it is over there will be greater need for effective machinery for the promotion of intelligent discussion of the principles of Democracy and all that pertains to the public welfare of local communities, counties, states, and the nation. To this end every schoolhouse should be made a community center and civic forum with frequent meetings for the discussion of matters of public interest and for social intercourse.'

RELIGIOUS PREPAREDNESS.

The churches of Illinois have taken up the thought of preparedness and are mobilizing their forces better than for years. In the councils of all the denominations the spirit of consecration is pre-eminent. The churches have larger programs, more elaborate plans and a courageous spirit born of the present emergency. They realize that following the world war they will have the greatest burden as well as the greatest responsibility of Christian history.

Among the larger bodies of Christians in this country, the Disciples hold an important place. This is essentially an American church and is quite strong in the Mississippi valley. In a little over a hundred years it has grown from a few earnest spirits to a membership of a million and a half. In Illinois the Disciples have seven hundred churches with a hundred fifteen thousand members. Many of their congregations are large and influential. The body has its share of small rural and village churches, but many of these formerly inactive are showing signs of new life.

The Illinois Christian Missionary Society is the organized agency of the Disciples in the State. It rests its claim upon the authority of religious fellowship. It is purely advisory and appeals to the people upon the inherent rights of each individual member. It reresents the best form of modern religious democracy. A new plan of State and District work has been adopted by the various district conventions and will go into operation after its confirmation by the State Convention this fall. Including the Chicago Christian Missionary Society, an organization which confines its activities to Cook County, there will be six districts. Then men who have charge of these districts will have supervision of the entire church program. The office of the Society is in Bloomington.

One of the biggest religious gatherings in the early autumn will be the State Convention of the Disciples. It will be held in Taylorville, September 10th to 13th. These gatherings are usually largely attended. This year a special effort will be made for the largest attendance for year. Among those who are to appear on the program are: Dr. R. T. Hieronymus, Community Advisor of the State University; Mrs. W. H. Hart of Benton, prominent in woman's club circles; Dr. C. M. Thompson, Department of Economics, State University. County Superintendent H. L. Fowkes, Taylorville; Judge W. K. Whitfield, Decatur; Herbert F. Wilson, Advertising Manager, Decatur Herald; Matthew Bollan, Postmaster, Havana; J. W. Ross, a banker of Walnut; T. L. Stipp, Chaplain Soldiers' Home, Danville; Dr. H. O. Pritchard, President Eureka College; Dr. Abe Corey, Secretary Men and Millions Movement; Herbert L. Willett, Jr., Beirut, Syria; Dean W. C. Bower, Transylvania University, Lexington, Kentucky.

HOT WEATHER---
BUT IT'S TIME
TO TALK ABOUT
COAL
For Winter

Hard coal is the only fuel on which the price is normal. It is selling at $9.25 per ton for furnace size, just the same as last year and the year before.

The price of coke is double that of last year. Soft coal is selling at figure nearly double the usual price.

WHY NOT BURN HARD COAL AND WHY NOT BUY IT BEFORE AN INCREASE IN FREIGHT COMPELS AN INCREASE IN PRICE?

MORE THAN 3,500,000 MOTOR CARS IN U. S.

Increase of 43 Per Cent Last Year Over 1915—Gross Revenues from Registrations and Licenses $25,865,369.75.

Washington, D. C., July 14.—In 1916 there were 1,067,322 more motor cars registered in the United States than in 1915. This was an increase of 43 per cent. The gross total of registered cars, including commercial cars, was 3,512,996; number of motor cycles registered was 250,820. The several states collected in registration and license fees, including those of chauffeurs and operators, a total gross revenue of $25,865,369.75. Of this amount 92 per cent, or $23,910,811, was applied directly to construction, improvement, or maintenance of the public roads in 43 states, according to figures complied by the Office of Public Roads of the United States Department of Agriculture, in Circular 73, "Automobile Registrations, Licenses and Revenues in the United States, 1916."

The figures for 1916 correspond very closely with the annual percentage increase of motor-car registration of the last three years. This yearly increase has averaged 40 per cent in the number of cars and 50 per cent in revenues.

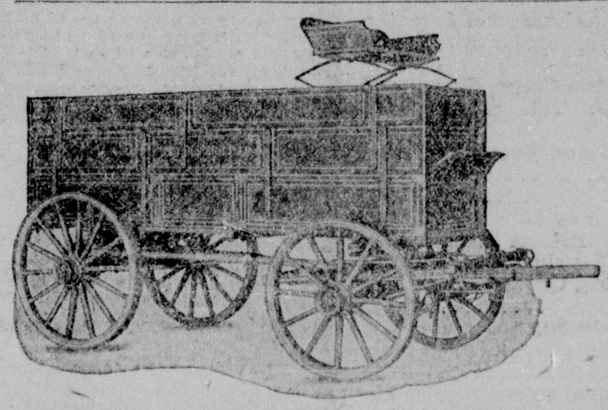

When viewed over a period of years, the increase in motor-car registration and gross revenue has been remarkable. In 1906 the total State registrations were approximately 48,000 cars, on account of which several States collected in fees and licenses a total gross revenue of about $190,000. Only a small part of this was applied to road work. In 1916 the $25,865,369.75 collected formed nearly 9 per cent of the total rural road and bridge revenues of the States.

Recent years have shown an increasing tendency to put spending of the motor-car revenues directly in the hands of the State highway department. Of the total amount applied to road work in 1916, 70 per cent, or $16,411,520, was expended more or less directly under the control or supervision of State highway departments. Only 13 states did not exercise any direct control over the expending of the net automobile revenues.

Give Your Battery a Cool Drink

Your battery gets as thirsty as you do this hot weather—and it doesn't take long to make a thirsty battery a dead one.

Fill it with distilled water once a week—as often as you take a hydrometer test.

If you haven't pure water, or don't want the trouble of filling your battery yourself—we'll do it for you.

Willard Service is good for any battery—whether it gives it a thorough overhauling, or merely fills and tests it. And if your battery needs repairs it provides a rental battery for your use whatever the make or model of your car.

Drop in next time you're down this way—and if you haven't one already—get a Willard Service Card that entitles you to free semi-monthly testing.

CHAUTAUQUA PLATFORM MANAGER CHOSEN

Prof. James P. Gilbert, of Faculty of Southern Illinois Normal at Carbondale to Act in that Capacity —Appeared on Program Last Year

Last September the Chautauqua management contracted with Dr. W. E. Hopkins of Ohio to manage the platform and also to conduct morning work for young people and lecture, if necessary. Dr. Hopkins who is a member of the Army Reserve Corps was last week ordered to Fort Sam Houston and cannot fill his engagement.

Fortunately, the management has been able to secure Prof. James P. Gilbert, head of the Biological Department of the Southern Illinois Normal of Carbondale to act as platform manager and to conduct morning work.

Prof. Gilbert appeared on the program last year and impressed those who heard him and met him most favorably.

Mr. Gilbert is recognized as an authority on the Natural History of Illinois and has been lecturing on Nature at the chautauquas for several years as well as acting as platform manager at some of the best assemblies.

Prof. Gilbert will at 9:30 each week-day morning during the assembly lecture on some phase of nature study. His lectures will be illustrated and specimens will be used. He will discuss Illinois Natural History from an economic standpoint as well as the esthetic and he should appeal alike to those interested in birds, animals, insects and plants, friends or enemies as to those who love the great outdoors.

For the Boy Scouts and young people generally he will be a great attraction. Teachers and others especially interested in natural history will have the opportunity to listen to an authority who presents his subjects in a simple manner. Chautauqua patrons generally will find his addresses entertaining and full of useful information.

The management is providing for this year a full morning program each day of the assembly and it is as good as the afternoon and evening programs except there is no music included. After the morning lectures by Prof. Gilbert will follow demonstrations in household economics. The increasing number of campers are assured full mornings and those who do not live on the grounds will find it well worth while to attend mornings.

NOTICE TO CONTRACTORS

Sealed bids will be received by the Board of Education of Jacksonville, Illinois, until 12 o'clock (noon) July 16th, 1917, for the construction of a concrete side walk on the north and east sides of the First Ward School Building. The Board reserves the right to reject any or all bids. Specifications may be obtained from T. V. Hopper. Bids to be sent to the Secretary of the Board, Mrs. J. K. C. Pierson.

NOTABLE BIRTHDAYS TODAY
July 15

Lord Northcliffe, Great Britain's most famous journalist and newspaper publisher, now in America as a commercial representative of the British government at Washington, is 52 years old today. He is here to co-ordinate the various British missions, along industrial and economic lines, and act in concert with the missions of the other Entente allies and the American and Canadian governments. Lord Northcliffe has long been one of the most spectacular figures in the British newspaper world. He is the owner of the London Times and several other newspapers thru which he wields an almost limitless influence. He was born near Dublin, Ireland, and is a self-made man, his father, a barrister, having at his death left his family in precarious circumstances. He was born Alfred Harmsworth, and given in 1905 the title of Baron Northcliffe. He has long taken an active part in British political affairs and recently has been engaged in vigorous support of Premier Lloyd George's home rule for Ireland policy.

Eugene Ysaye, Belgian violinist of world fame, who recently toured America, 59 years old today.

Hon. Franklin K. Lane, United States Secretary o fthe Interior, 53 years old today.

Right Rev. Charles D. Schofield, Bishop of British Columbia, 46 years old today.

Anna Coleman Ladd, noted sculptor and author, 39 years old today.

Right Rev. William A. Leonard, Episcopal Bishop of Ohio, 69 years old today.

Hartley Withers, English writer and economist of note, 50 years old today.

Marie Tempest, famous actress and singer, 51 years old today.

Benjamin Ide Wheeler, president of the University of California, 63 years old today.

Lyman B. Tofft, president emeritus of Hartshorn Memorial college, Richmond, Va., 84 years old today.

Herman N. Matzen, well known sculptor, 56 years old today.

NOTICE!

Under present city ordinances it is unlawful to haul garbage thru streets of Jacksonville unless same is in air tight cans or a wagon constructed for that purpose. Violations of this ordinance will be vigorously prosecuted.

J. Edgar Martin, Commissioner of Health and Safety.

RETURNS FROM CHICAGO

Miss Ursula Fawcett, who has been visiting in Chicago for the past four weeks returned to her home on West North street yesterday. She was accompanied by her friend, Miss Margaret Rumbaugh, who will remain in this city for three weeks.

Central Christian church—M. L. Pontius, minister. Bible school at 9:30 a. m. C. L. DePew, superintendent. Communion service at 10:45. Senior Y. P. S. C. E. at 6:30 p. m. C. Frederick Ehnie, leader. Intermediate C. E. at 6:30 p. m. Leader John Pyatt.

THE PARK SERVICE.

Rev. F. B. Madden of Grace church will deliver the sermon at the union park service Sunday evening at 6:30 o'clock. If the weather conditions are unfavorable the service will be held at Grace church.

EARL ROGERS HOME FOR BRIEF STAY

Jacksonville Young Man Tells About Work of Medical Corps at Ft. Snelling.

Earl Rogers, formerly located at the State School for the Deaf and now attached to the medisal corps at Ft. Snelling in Minnesota, is here to visit relatives and with Supt. Gillett at the School for the Deaf. Mr. Rogers enlisted from this city in the ambulance corps and went to Jefferson Barracks along with a number of other Jacksonville young men. Subsequently he was sent to Ft. Snelling for training work and is now acting sergeant. Jacksonville friends who have visited Ft. Snelling learned there that from the beginning Mr. Rogers has shown more than unusual ability and that thus his responsibilities have already increased.

Enlistment in the ambulance corps places a man in the medical division and to qualify for this work means months of training in first aid work and in lines of that kind. Three or four hours each day the young soldiers listen to lectures on first aid work and then hours afterward are spent in field drills along the same general lines as the studies. The soldiers learn how to carry litters, the manner in which injured soldiers should be lifted from the ground, this method varying with the kind of injuries sustained; how the wounded may be carried over fences in various positions with the least pain to those injured and the greatest ease to those assisting. The young men are also being instructed in general principles of anatomy, know the location of various arteries and their special functions, and in general the course in first aid work corresponds to that given nurses in hospital training.

As it is expected that those in the ambulance corps will be directly behind the firing lines, it can be readily understood how essential this training is. The experience on European battlefields is that often eight or ten hours elapse before the wounded men are conveyed to the hospitals. The condition in which they reach the hospitals would depend very largely upon the first aid treatment given them after the wounds are incurred. Mr. Rogers has leave of absence for a week and so will be in Jacksonville for several days.

Everything points to a bumper corn crop. Build your bins now with lumber from our yard.
CRAWFORD LUMBER CO.

MISS HILDEGARDE ROSE WEDS CLYDE HEMBROUGH

Young People Well Known in Jacksonville and Vicinity Wed Saturday—Will Reside on Farm.

Saturday evening at 5 o'clock, Miss Hildeguarde E. Rose and Clyde C. Hembrough were married at the Brooklyn church parsonage, by the Rev. W. W. Theobald. The ceremony was simple and plain and witnessed by only immediate relatives.

Both the young people are graduates of the Jacksonville High shool with the class of 1916. They were active in all school undertakings and were well and favorably known to a large circle of riends. The bride is the daughter of Mr. and Mrs. C. A. Rose of 719 South Diamond street, and is a young lady of pleasing and charming personality, with a sweetness of disposition that is rarely excelled. Mr. Hembrough is a farmer, residing south of town, and is known both in his own community, and by a large circle of friends in the city as a young man of high character and excellent habits.

While waiting for their new home to be completed, the young people will reside with the parents of the bride. They left Saturday afternoon for Springfield, where they will spend a few days.

Our pendant ear rings in Amethyst, Topaz, Sapphire, Crystal, Pearl and Filagree will please you.
Bassett's Jewelry Store.

CONGREGATIONAL LADIES TO SEW FOR RED CROSS

Will Meet Tuesday of Each Week for Work—Will Be Open Morning and Evening

The ladies of the Congregational Church will meet Tuesday in the lecture room of the church to sew for the Red Cross. The doors of the church will be open from nine o'clock in the morning until six o'clock in the afternoon. All the ladies and girls of the church and congregation are invited to help in this work. Meetings will be held Tuesday of each week.

Children are asked to come and bring scissors, and snip cloth, which will be used to make ambulance pillows.

An enthusiastic meeting was held last week, and was well attended both morning and afternoon, a number bringing their lunches and staying the entire day. The work assigned to the church, by the local Red Cross organization, is the making of pajamas, for hospital use. Work of this kind is really useful, and the ladies of the church will no doubt respond readily to the call to "do their bit."

WANTED FOR THEFT OF AUTOMOBILE WHEELS

Sheriff Graff received a request from Sheriff Chapman of Jersey county yesterday asking him to watch for Claude Orr Dickerson. Dickerson is suspected of stealing front wheels from automobiles in Jersey county and the authorities believe that he is headed in this direction.

Miss Ida B. Venner, superintendent at Passavant hospital, spent Saturday in Piasa.

DR. CARSON

Chicago Specialist

In the treatment of Chronic Disease, will be at the Dunlap Hotel, Jacksonville, Ill., Wednesday, July 18, 1917. ONE DAY ONLY. (Returns every 28 days.) Hours, 8 a. m. to 4 p. m.

Fourteenth Successful Year in Jacksonville. Consultation and Examination Free.

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

IS THIS THE WAY YOU FEEL?

Tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Palm of hands moist? Have you a dull, dragging pain or ache of the body, back or limbs? Have you Rheumatism? Have you Fistula? Piles—itching or bleeding? Have you kidney or bladder trouble, lame or weak back, pains in back or loins? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

I invite you to call and investigate the Carson System of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern, up to date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordially invited to call and secure full details concerning this new treatment free of charge.

REMEMBER DATE OF VISIT.
Come early as parlors are always crowded.

A friendly call may save you future suffering; it has made life anew to thousands who had been pronounced beyond hope.

Experience makes perfect. Having treated hundreds of old chronic stomach troubles for the last fifteen years, I can relieve a great majority of these cases and restore them to health and strength again, especially in those cases who suffer from the effects of pain in the stomach and bowels, bloating, gas, spitting up of food, sour stomach, headache, dizziness, loss of appetite, drowsiness, and heavy, bad feeling in the head.

PILES—Every case guaranteed cured without detention from business or use of knife.

Private Diseases a Specialty!

NERVOUS DEBILITY—Are you nervous, despondent, weak, tired mornings, no ambition, poor memory, easily fatigued, excitable and irritable, eyes sunken, red and blurred, pimples on the face, dreams, restless, haggard looking, weak back, deposit in urine, drains at stool, distrustful, want of confidence, lack of energy and strength

C. W. CARSON, M. D.,
766 Oakwood Blvd., Chicago, Ill.

Story's Exchange,
Real Estate, Loans and Insurance.

CITY PROPERTY

(A) In the first ward we can sell a house of three rooms with summer kitchen and two good lots with lots of fine young fruit for $800. Can give possession within ten days.

(B) In second ward we have eight acres of good land with nice five room cottage, barn and abundance fruit. Price $4800.

(C) FOR SALE OR EXCHANGE. An eight room house with good store building in connection with ware house, barn, shed and lot 400 feet deep. South front and on paved street. Price $6000.

FARM PROPERTY

No. 340. A farm of 80 acres adjoining good little town on C. & A. and a short run from the city. All tillable land, one-half in grass. House of four rooms, barn, sheds, lots, orchard and a complete little home. Half mile from elevator and depot. Price $150 per acre.

No. 341. A farm of 354 acres all in cultivation except 15 acres. 160 acres in meadow, 120 acres in corn, balance in grass. This land is tiled and in a high state of cultivation.

There is an eight room, two-story residence with hot and cold water system and all modern conveniences. Fine barn on concrete foundation, corn cribs and granarys on concrete foundation, large tool house, chicken house and wagon scales. This farm is within two miles of Catholic church, and Parochial school, one-half mile from Baptist church, one mile from Methodist church and one-fourth mile from school on rural route, telephone line and on much traveled highway. Price $85 per acre.

WANTED

(A) A business building on public square in Jacksonville.

(B) Farmers who will exchange high priced farms here for good farms well located at two acres for one.

(C) Men with money to invest in real estate where profits yield a high rate of interest on the money invested.

(D) A buyer for a first class, fully equipped modern home on West State street.

MONEY

Get ahead of the fall demand for money on real estate security.

Senreco
REG. U.S. PAT. OFF.

The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Appreciations from dentists who have personally proven Senreco. Names on request.

Birmingham, Alabama, Mar. 20, 1917.
I am using Senreco myself. Gums have improved wonderfully.

Rochester, N. Y., Feb. 7, 1917.
I find Senreco a great help in my work.

Chicago, Ills., Mar. 10, 1917.
I find by twelve months' personal use and from my observation of results obtained from the use of Senreco that soft, spongy gums which fail to respond to other treatments have at once shown marked improvement.

Philadelphia, Pa., Jan. 22, 1917.
Senreco actually improves the condition of the gums by reducing inflamation. I highly recommend it.

Columbus, Ohio, Oct. 26, 1916.
I find Senreco very beneficial.

Chicago, Ills., April 7, 1917.
I am using your excellent tooth paste in my home and the other members of my family have given up their old-time favorites for Senreco.

Buffalo, N. Y., Oct. 18, 1916.
Am well pleased with Senreco—so are my patients.

New York City, Mar. 27, 1917.
Senreco is the best tooth paste in use this day.

Try this remarkable dentifice yourself. Get a tube of Senreco at your druggist's or toilet counter today. Costs only 25c for large 2 oz. tube.

CORN AVERAGES HIGH DESPITE SETBACKS

Scarcity of Supplies Available for Immediate Use Forms Chief Element of Strength

Chicago, July 14.—Corn averaged high in value today despite some setbacks due largely to bearish inferences regarding the outlook for peace. Scarcity of supplies available for immediate use formed the chief element of strength. The market closed unsettled at the same as yesterdays finish to ⅜c up, with Sept. $1.59 and Dec. $1.12 to $1.12½. Wheat closed firm $2.04 July and $1.95½ September. Oats were unchanged to ⅜c@½c higher, and provisions varying from five cents decline to a rise of 25c.
It was mainly at the outset and near the windup that the corn market showed a tendency to swing lower. Nevertheless, increased orders to purchase came into play on declines forced the market upward.
Business in wheat remained at nearly the zero stage awaiting congressional action at Washington as to the food control bill. Meanwhile, prices hardened a little.
Oats duplicated the action of corn.
Demand for lard was stimulated by peace talk. Other provisions shared more or less in the attendant advance.

TOLEDO CASH SEED MARKET
Toledo, O., July 14.—Clover seed, prime cash $11.45; October $12.12; December $1.97; March $12.07.
Alsike, prime cash $11.40; September $11.50; Oceober $11.50.
Timothy, prime cash $3.57; September $3.95.

MINNEAPOLIS GRAIN MARKET
Minneapolis, Minn., July 14.—Wheat—July $2.45; Sept. $1.96½. Cash—No. 1 hard $2.70; No. 1 Northern $2.55@$2.65; No. 2 Northern $2.45@$2.55.
Corn—No. 3 yellow $1.87@$1.89.
Oats—No. 3 white 71½@72½c.
Flax—$2.99@$3.04.

ADMINISTRATOR'S NOTICE
Estate of Elizabeth Gunn, Deceased.
The undersigned having been appointed Administrator of the estate of Elizabeth Gunn, late of the County of Morgan and State of Illinois, hereby gives notice that he will appear before the County Court of Morgan County, at the Court House in Jacksonville, at the September term, on the first Monday in September next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.
All persons indebted to said estate are requested to make immediate payment to the undersigned.
Dated this 14th day of July A. D. 1917.
Charles L. Stevenson, Administrator.
Julian P. Lippincott, Att'y.

RELIABLE COMPANY owning several thousand acres valuable leases shallow oil field Kentucky will give its notes due in one year and four dollars in stock for each dollar invested. This offer only holds good until ten thousand dollars has been received, and is made to assist the Company in gaining control of some very valuable oil properties, possession of which should place the company on a dividend paying basis within a very short time. This is an exceptional opportunity to become interested in oil on the ground floor. Kentucky Oil and Development Co., 930 Marquette Bldg., Chicago. 7-15-1t.

STOCKS BOUND FORWARD ON INQUIRY FOR RAILS

Trading Becomes More Sharply Defined With the Progress of the Short Session.

New York, July 14.—After a brief period of hesitation at the opening, today's market bounded forward on a strong and broad inquiry for rails, shippings and some of the less active specialties.
Trading became more sharply defined with the progress of the short session industrials, notably the steels and equipments showing only moderate strength at best and falling away towards the end.
The movement in rails centered around Canadian Pacifics, its subsidiary, "Soo", Union and Southern Pacifics, New York Central and the entire coal group at extreme gains of 1½ to four points.
Shippings were featured by an advance of 3¾ points in American International corporation, but marines and associated issues were irregularly lower. Profit taking caused recessions of one to 1½ points at the strong close. Total sales amounted to 425,000 shares.
The new system of tabulating the weekly bank statement which eliminates all reserves of National Banks except those held for them by the local federal reserve bank was largely responsible for the decrease of $242,308,050 in actual reserves leaving the item at $36,144,940, the smallest total since the new banking laws became operative. Reserves of member banks in the federal reserve bank decreased by more than $133,000,000. One of the day's adverse features was the further decline in liberty bonds, odd lots selling from 99 25-50 down to 99. Trading in regular lots was mostly at 99 45-50 to 99 40-50.
Total sales, par value, aggregated $1,825,000.
On call during the week United States coupon and registered 4s declined one per cent with one per cent advance in registered 3s and ; per cent in coupon 3s.

MAVERICKS

When this war is over
The Germans will be wiser,
For we are going to demonstrate
How to Hoch the Kaiser.

* * *

God seems to be deserting the Kaiser.

* * *

In line with the general trend thruout the country Governor Lowden has been giving a canning demonstration recently.

* * *

St. Louis wants the name of East St. Louis changed. It seems to us that what should be changed is the residence of a large number of East St. Louis citizens, instead of changing the name of the city.

* * *

There is no room for an organization such as the I. W. W. in this country and evidently people are awakening to the fact. An organization whose members won't work and don't want anybody else to work and that advocates anarchy has no place in civilization.

* * *

TOUGH ON STRANGERS.

Owing to the shortage of beer the saloon keepers of Liverpool, England are refusing to serve strangers.

* * *

Now the government wants the women to economize in dress. It seems to us that the government is asking too much of the women. Why not let the men economize in something.

* * *

The department of agriculture at Washington advises people to raise rabbits to conserve the meat supply. Rabbits don't have to be raised in this country, they just grow.

* * *

A lot of citizens may develop Anxiety Psychosis that Doc Zellar talks about waiting for the price of coal to come down.

* * *

It might be possible that the proposed prohibition of the use of grain in the manufacture of whiskey had something to do with the sudden discovery that the country would have the largest grain crops ever harvested.

* * *

After reading Mr. Creel's story of the submarine attack and then his story of how he elaborated on the facts to make citizens feel good on the Fourth of July, we wonder how Mr. Hearst has overlooked him for so long.

* * *

NEW STYLE CREAMERY.

Chas. Moyer visited St. Louis last week and secured 18 cows with which he is proposing to go into the creamery business.—Barry Adage.

* * *

Senator Sherman's declaration of being "bone dry" leads to the suspicion that he expects to be a candidate for office in the near future.

* * *

Each person is asked to cut down one ounce a day on the meat eaten. If some of us do that we won't be able to find our quota without the aid of a microscope.

* * *

China seems to be trying to rival Mexico in rapid changing of government.

* * *

The Kaiser will fight to the end, the dispatches tell us. Too bad the Kaiser cannot see what that end will be.

* * *

Several schools of sharks have been reported off the Delaware and Hatteras capes. Probably some that have escaped from Wall street.

* * *

We learn from the dispatches that Emperor William conferred with the neutral ambassadors and ministers recently. There probably was not a large gathering present.

PLAN SHIP CANAL ACROSS SCOTLAND

Work Will Probably Begin at End of War—Would Materially Reduce Distances Between Various Points —Rival Routes Discussed.

Glasgow, July—(Correspondence) Plans for cutting a ship canal across Scotland, connecting the North Sea and the Atlantic by a voyage of only sixty-odd miles, are advocated owing to the war and the growing importance of the British naval base at Rosyth. Naval men expect that work on such a canal will be begun as soon as the war is over, and that the work can be completed within three years.

The value of a canal by which the largest warships could pass at will between the North Sea and the Atlantic needs no demonstration. The commercial possibilities of such a canal are also large, for it would effect an astonishing reduction in distance between certain important ports, as well as avoid the dangerous passage north of Scotland and the congested English Channel route on the south.

The canal would reduce the distance from Glasgow to Leith by 485 miles, from Glasgow to London by 253 miles, and from Glasgow to Hamburg by 312 miles. The saving between Liverpool and Leith would be 400 miles, between Leith and Belfast 377 miles, between Liverpool and the Elbe 288 miles, between Glasgow and Antwerp 290 miles.

Two rival routes for the canal are being discussed. One would follow an existing barge canal, involving the deepening of the upper Clyde, the crossing of a plateau with an indifferent water supply, and the construction of six locks on each side. Advocates of this route point to the advantages of the canal, passing thru Glasgow; opponents point out the tidal difficulties of the upper Clyde, and say that the river is already badly congested.

The alternative route would start from Alloa on the Forth and make directly for Lock Lomond across land which is never more than fifty feet above sea level. As the lake itself is 22 feet above the Atlantic, only one lock would be necessary at each end of the canal. There would, however be a deep cutting of eight miles, nearly two miles of which would be comparable in magnitude to the Culebra cut on the Panama Canal.

Loch Lomond would afford a magnificent inland naval harbor, safe from attacks from the sea, and ships as on the Gatun Lake at Panama, could steam across it at high speed There is the disadvantage however, that the Loch is subject to fogs which might prove somewhat hompering. The Loch would at any rate provide an inexhaustible water supply for the summit level. The canal on this route would enter the Atlantic by way of Loch Long, leaving Glasgow just around a corner.

The Loch Lomond route is the one generally favored by naval men while, for commercial purposes, that thru Glasgow is regarded as just as good and probably much cheaper to construct.

BIDS FOR COAL.

Bids are hereby asked for supplying the city light plant and pumping station with coal for the contract year, which will begin August 9, 1917. Bids are desired for the light plant on mine run, No. 4 and 5 washed, egg, 1¼ inch screenings; for pumping station mine run and steam lump.

The council reserves the right to reject any and all bids, which will be received until 10 a. m. Monday, July 16th.

R. L. Pyatt, City Clerk.

U. S. TROOPS JOIN IN FRENCH OBSERVANCE

General Enthusiasm Reflected Joyful Spirit of French People Since U. S. Joined Allies—Vast Throng On Paris Streets.

Paris, July 14—The French national fete day, in observance of the anniversary of the fall of Bastile, was celebrated today thruout the country in the traditional manner. Everywhere the joyousness of the occasion and the general enthusiasm reflected the hopeful spirit that has seized the French people since the United States joined the Allies. American emblems were to be encountered at every turn in the streets of Paris today, while every appearance of the American soldiers was greeted with the wildest enthusiasm. Another outward and visible sign of the strong ties of friendship that bind the two repubiics was furnished by the official medal struck off by the French government in commemoration of the day. On one side the medal bears the arms of the City of Paris, while on the reverse appear the profiles of Washington and Lafayette. Hundreds of thousands of these medals were sold in the streets today, the proceeds to be applied to the different war charities in Paris.

Participation by the American contingent helped to make an usually brilliant success of the review of troops at Longchamps, always the spectacular feature of the national fete day. The "Sammies", as the American troops have come to be known here, made a smart appearance on the field. General Pershing shared with President Poincare the enthusiastic acclaim of the assembled crowd, estimated at upwards of half a million people. The diplomatic representatives of the allied nations, including Ambassador Sharpe, occupied places in the Presidential box.

LIBERAL REDUCTIONS ON ALL OUR AFTERNOON AND EVENING DRESSES OF GEORGETTE CREPES, TAFFETAS, CREPE DE CHINES AND SATINS, DURING OUR JULY CLEARANCE SALE.

J. HERMAN.

THIS DATE IN HISTORY

July 15

1610—The Half Moon, in which Henry Hudson, the first white man to do so, sailed up the Hudson, arrived at Amsterdam on her return voyage.

1769—The general court of Massachusetts refused to make provision for the support of the British soldiery quartered in the colony and Governor Bernard prorogued the assembly.

1778—France declared war on England and assembled 40,000 on the Norman coast for the invasion of the British isles; the project was not caried out because of the dispersal of the protecting French and Spanish fleets by contrary winds.

1836—William Winter, dean of American dramatic critics, born in Gloucester, Mass.; died June 30, 1917, at New Brighton, Staten Island.

1841—William C. Whitney, U. S. Secretary o fthe Navy under the first Cleveland administration, born; died Feb 2, 1905.

1864—Franklin Knight Lane U. S. Secretry of the Interior, born on Prince Edward's Island, Canada.

1869—Northwest Territories added to the Dominion of Canada and Province of Manitobia admitted to the Confederation.

1870—France declared war on Prussia.

1913—U. S. Board of Mediation and Conciliation created by act of Congress, to settle railroad labor controversies.

1916—Prof. Elie Metchnikoff, famous bacteriologist, died in Paris.

The War.

1915—200,000 Welsh coal miners struck, paralyzing British war munition production.

1916—Italians captured Vanzi, in Posina Valley.

Russians captured Baiburt, Armenia, by assault.

The State Department at Washington ruled that the German submarine Deutschland, anchored at Baltimore was an unarmed merchant vessel.

British gain on four-mile front in Somme sector, capturing La Maisonnette.

Italian destroyer Impetuoso sunk by Austrian submarine in the Adriatic.

Panama Hats that look well, wear well and sell well, are shown by FRANK BYRNS' Hat Store.

FRENCH CELEBRATION IN NEW ORLEANS

New Orleans, July 14—The French national fete day was made the occasion for a big celebration today by the French societies of New Orleans. The program was carried out on a scale of unparalleled magnificence, so as to make amends for the three years of informal observance caused by the European war during the neutrality of the United States. Since Uncle Sam has entered the war the French societies decided there was no object in the way of a splendid celebration. The leading feature of the day was a mammoth outdoor celebration at which patriotic addresses were delivered by prominent speakers representing each of the allied nations.

MORE KILTIES TO VISIT US.

Toronto, Ont., July 14—With the brass and pipe bands of the regiment a detachment of 100 men of the Forty-eighth Highlanders, making some 200 men in all, will leave Toronto tomorrow for a week's trip to the United States to aid the British recruiting mission. New York and Chicago will be the principal points visited.

R. S. Wood of Pisgah was a Saturday visitor in the city.

WILL FACE DIFFICULT PROBLEMS AFTER WAR

Credit Will Be Thing Most Needed by England, is Statement of Bonar Law—Should Regard Character as Asset

London, July — (Correspondence) — "The problems which will face the British Government when the war comes to an end will be far more difficult even tha nthe carrying on of the war," says a statement from Bonar Law in discussing the charter of the new "British Trade Corporation."

"What is needed for the development of the trade of the country" says Mr. Bonar Law, "is that there should be some method by which character should be regarded as an asset and as a security. There should be some means by which young men without the capital of their older competitors should have a chance of getting the credit which would enable them to establish new lines of business, and in that way help the development of the trade of the country.

"The one thing that will be needed more than anything else after the war is credit, without which trade and industry will be paralyzed and unemployment and distress immense."

Correct style Panama Hats at most reasonable prices are shown by FRANK BYRNS' Hat Store.

AIR MEN INVENT NEW SLANG.

London, July — The men of the air service are fertile inventors of new slang. One of their recent adoptions is "spikebozzle" which freely translated means to "do in."

"Hickboo" is another expressive word, alleged to be derived from an Indian word meaning an eagle, and commonly used to advertise the fact that hostile aircraft are about. Occasionally Hickboo is applied to other imminent conditions of a momentous nature, such as the expected arrival of persons of high importance who are likely to look for and make trouble.

A "buzz" is the airman's term for an alarm or air-raid warning.

"Traps" is hig word for the bombs and other ammunition which he carries, as well as for the photographic or map-making equipment of the observation planes. Any accident to a machine is a "crash" and an injured man is a "castaway,"—presumably merely a corruption of casualty.

MANY FORGED BREAD TICKETS

Amsterdam, July — According to the Lokal-Anzeiger, five million forged bread tickets have been put into circulation in Germany, and the loss of bread thereby is estimated at over 300,000 tons.

Mervin Ator of Arnold was a visitor in the city Saturday.

Use

FRANK'S MALT BREAD

Just Like Mother Usea to Make

"Again"

There is nothing that will take the "din" out of dinner quicker than a poorly selected piece of meat, but a choice cut of meat selected at the **White Pig Market, 224 West State;** or at **Wiegand's Market, 224 East State,** will put a grin on your grinner that won't wear off.

AJAX TIRES

GUARANTEED IN WRITING 5000 MILES

97% Owners' Choice

Ajax Tires are Singled Out by Motorists Who Know

OVER 97 per cent of all Ajax Tires in use are CHOSEN by their owners. They are singled out for reasons of quality, to take the place of the original tires supplied by the automobile manufacturer. This record is unique in tire selling. A big fact—when you think it over.

And Ajax Tires are bought on their road showing. An Ajax buyer starts with one tire. Finally, as Ajax proves its superior worth, he is all Ajax and all Ajax he stays.

Ajax Tires positively mean highest quality for the price. And all Ajax Tires carry the Ajax Guarantee in Writing 5000 Miles. This 5000 is the *least* you may expect. With proper care they should add many miles to this. We sell and feature Ajax Tires because we know their worth.

Illinois Tire & Vulcanizing Co.
